9 Reasons why DTPdirect is YOUR Best Choice!

Yes, we really are different. We are <u>not</u> the typical "computer mega-source" selling much but understanding little. We <u>are</u> the premier solutions resource for you, the desktop publishing professional. So whether you're publishing print, multimedia, or on the Internet, we are your best choice for a long-term business partner. Here are just some of the reasons why:

1. Unbeatable Prices!

DTP Direct's leadership in the desktop publishing industry means we buy direct from manufacturers at the best possible prices. This allows us to offer you great values that others simply cannot match!

2. SPEEDY Delivery!

You're placing your order from us now because you need it now, and that's why we work so hard to ensure that inventory is here, ready to be shipped, on demand. Nearly 100% of orders (with credit approval) are shipped the day they're received so you can get your job done on time!

3. One-stop Shopping

Whether it's industry leader Adobe Photoshop or a harder to find item such as a super hi-res digital camera, we have the products and can get them to you quickly. Don't see what you want in the catalog? No problem, we have LOTS more than we have space to show. Even special requests are our pleasure to fulfill.

4. Knowledgeable Sales Consultants

Sales Consultants at DTP Direct are experts trained directly by product manufacturers. So whether you need systems, data storage, input devices, graphics software, or any one of a dozen different categories, we have the expertise to help select the best solution for your business need.

5. Easy Ordering 24 Hours A Day!

We've all had it happen to us. You "pull an all-nighter" to meet a critical deadline, and sure enough the solution you need **<u>now</u>** just isn't there. Well, that's why we're here–just a toll-free phone call away–ready to take your order 24 hours per day, 7 days per week. Because sometimes tomorrow just isn't good enough.

6. Flexible Payment Options

We offer a wide selection of payment options including credit terms with purchase order, leasing, and even a 4 Easy Payment plan with **0% financing!** Of course we accept major credit cards, too!

7. Toll-Free After-the-Sale Support

Whether you need technical assistance, advice on product usage, or simply have a question about your shipment, we're here to provide you the best support in the business. We want to be your long-term desktop publishing partner, and that's something you're really going to appreciate.

8. Experience

DTP Direct has been in this business since the beginning of the computer desktop publishing revolution. We've seen hardware and software platforms come and go. We've seen incredible advancements in technology. We've also seen confusion in the marketplace. But through it all, we've been here to help our clients through the turmoil, assisting them in their upgrades and migrations, and providing the right solutions. We understand your needs.

9. We Care

Many companies strive to be the biggest. We strive to be the best. You will find that to be our company-wide philosophy, and you'll wonder how you ever got along without us.

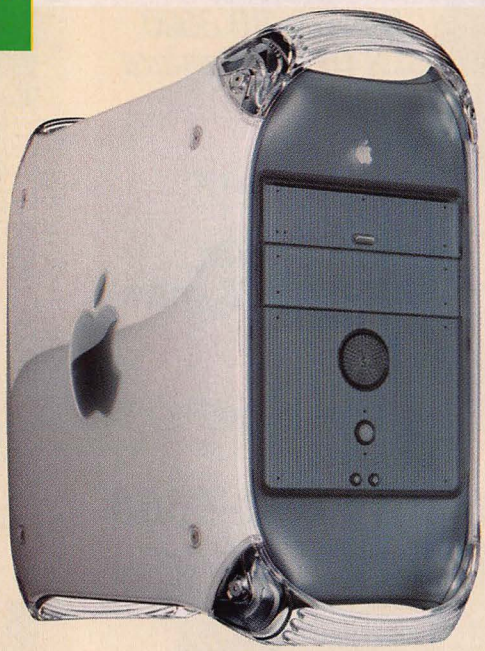
The PowerMac G4 – the fastest



Apple® G4 Servers—Up to 500MHz!

The Macintosh Server G4 with the new PowerPC G4 with Velocity Engine offers excellent server performance for everything from e-mail and print sharing to Internet and intranet services. It's remarkably easy to set up and surprisingly easy to administer. The Macintosh Server G4 offers an unparalleled combination of power and ease of use in one incredible server—all at a very affordable price.

At the heart of the Macintosh Server G4 is the high-speed PowerPC G4 with Velocity Engine. Using true independent vector processing, the PowerPC G4 with velocity Engine brings supercomputer performance to server systems for the first time ever. With its advanced 128-bit vector processing unit and 162 instructions dedicated to handling vector and multimedia data, the PowerPC G4 processor enables the Macintosh Server G4 to manage even the heaviest network loads at breathtakingly efficient speeds.

Macintosh Server G4 with AppleShare IP 6.3 and Mac OS gives you high-speed processing and easy setup. Complete with e-mail, file and print serving, and Internet and intranet services in one package.

Macintosh Server G4
with Mac OS X Server
provides performance, reliability and scalability. Includes: Apache, the world's most popular web server, and WebObjects for developing network applications.

G4 Server/400

- 400MHz PowerPC G4 processor with Velocity Engine
- 128MB SDRAM memory (PC-100); max. 1.5GB
- 1MB L2 backside cache @ 200MHz
- 20GB Ultra ATA/66 hard drive
- DVD-ROM drive
- AppleShare 6.3 Server software

#69-05043-139 ..... Lease from: $77/mo. **$2999**

G4 Server/450

- 450MHz PowerPC G4 processor with Velocity Engine
- 256MB SDRAM memory (PC-100); max. 1.5GB
- 1MB L2 backside cache @ 225MHz
- 18GB Ultra2 LVD SCSI hard drive
- DVD-ROM drive
- AppleShare 6.3 Server software

#69-05044-139 ..... Lease from: $102/mo. **$3999**

G4/500 w/Mac OS X

- 500MHz PowerPC G4 processor with Velocity Engine
- 256MB SDRAM memory (PC-100); max. 1GB
- 1MB L2 backside cache @ 250MHz
- 18GB 10,000RPM Ultra2 LVD SCSI hard drive
- DVD-ROM drive
- Five 10/100BT Ethernet ports
- Mac OS X Server software

#69-05045-139 ..... Lease from: $115/mo. **$4499**

Apple G4 Studio Displays

21" G4 Studio Display w/ColorSync

Apple's new 21" display features an internal calibration system that controls color accuracy for the lifetime of the display. Easy access to software controls and four USB ports make this sophisticated Trinitron-based monitor simple to use. Features:

- 21" Trinitron CRT (19.8" viewable)
- .25-.27mm variable aperture grille pitch
- 1600x1200 max. resolution @ 85Hz
- Horizontal scan: 31-107kHz
- Vertical scan: 48-120Hz vertical
- 4-port USB hub

#69-00623-139 ..... Lease from: $39/mo. **$1499**

17" G4 Studio Display

The 17-inch Apple Studio Display combines standout performance with a very competitive price. Diamondtron technology delivers a bright image with vivid colors—and minimal glare. Features:

- 17" Diamondtron CRT (16" viewable)
- .25mm aperture grille pitch
- 1600x1200 max. resolution @ 60Hz
- Horizontal scan: 30-85kHz
- Vertical scan: 48-160Hz vertical

Nothing works & looks better with a new Power Mac G4 than an Apple Studio Display!

#69-00624-139 ..... **$499**

AppleShare IP 6.3

If you need a powerful yet simple way to communicate and exchange information, you will find AppleShare IP 6.3 software an invaluable tool. Install any combination of its integrated file, print, mail, and web servers as needed. Basic setup takes only minutes. Ongoing server management is simple with shared users and groups and with its new powerful remote administration interface you can manage all of your servers from anywhere over TCP/IP.

10 Users #69-00636-139 ..... **$479**
50 Users #69-00637-139 ..... **$949**

Mac® OS X Server

Mac OS X Server takes advantage of the Power Macintosh G line of personal computers to provide important new levels server performance and capabilities. The first in a new generation of powerful, scalable server solutions, Mac OS X Server software makes it easy for you to deliver Web and digital media content over the Internet or manage networks Macintosh clients—all at a surprisingly affordable price.

#69-00189-139 ..... **$44**

personal computer in history!

Power Mac™ G4 Mini-Towers

NEW!

Buckle up—the Power Mac G4 is here.

It features the revolutionary PowerPC G4 with Velocity Engine, which crunches multimedia data at blazing-fast speeds. The Velocity Engine uses true independent vector processing—a technology originally developed for use in scientific supercomputers. It gives you the power you need to create and manipulate even the most complex graphics files. The result is unprecedented productivity for creative professionals—in the arts as well as the sciences.

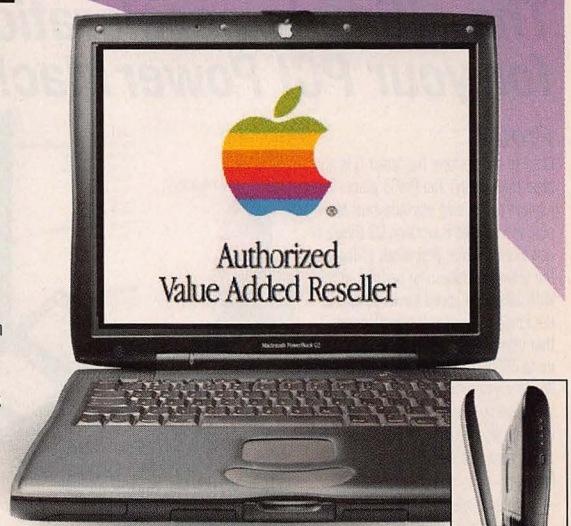
Apple PowerBook® G3— Up to 400MHz!

Slim. Stunning. Superfast. With PowerPC processors running at up to 400MHz, and an even thinner and lighter design, the new Macintosh PowerBook G3 Series gives you the ultimate combination of performance and mobility. And with dual-battery capabilities, you can use your PowerBook G3 for longer than ever — up to 10 hours at a time.

Features:

- 333MHz or 400MHz PowerPC G3 processor
- 512K or 1MB L2 backside cache on processor module
- 133MHz or 160MHz dedicated 64-bit backside cache
- 66MHz system bus
- 64MB 100MHz SDRAM memory; maximum 384MB
- Internal 4GB or 6GB IDE hard drive
- 14.1" TFT XGA active matrix display
- 24X CD-ROM or 2X DVD-ROM drive
- Built-in 10/100BT Ethernet
- Built-in V.90/56K modem (RJ-11 connector)
- Two 12Mbps USB ports, one SCSI port and one 4Mbps IrDA port
- S-Video output and VGA monitor support
- 8MB SGRAM video memory
- ATI Rage LT Pro video controller with enhanced 2D/3D acceleration
- Hot-swappable expansion bay
- Support for one Type I or one Type II card; Zoom Video PC card
- 16-bit CD-quality stereo input/output with two built-in speakers
- 50-watt-hour Li-ion battery; up to 5 hours
- Includes Mac OS 8.6, MS Internet Explorer, MS Outlook Express, Netscape Communicator, and FAXstf software
- Weight: about 5.9 lbs. with CD-ROM and battery
- W: 10.4", L: 12.7", D: 1.7"

Apple products may only be purchased at an Apple-authorized dealer location.



Thinner and lighter than ever— just 5.9 lbs!

PowerBook G3/333

- 333MHz PowerPC G3 processor
- 64MB SDRAM memory
- 512K L2 cache @ 133MHz
- 4GB IDE hard drive
- 24X CD-ROM

#69-05055-139..... **$2499**
Lease from: $64/mo.

PowerBook G3/400

- 400MHz PowerPC G3 processor
- 64MB SDRAM memory
- 1MB L2 cache @ 160MHz
- 6GB IDE hard drive
- 2X DVD-ROM drive with DVD-Video playback

3 YR. $315 EXTENDED PROTECTION

#69-05056-139..... **$3499**
Lease from: $90/mo.

The ultimate acceleration for your PCI Power Mac!

ProG3

Want to out perform the latest G3s and blow them away? The ProG3 places the highest performing upgrade card available inside your PowerMac G3 (Beige or new Blue & White Yosemite), giving you the ultimate processing performance. With 1MB high speed backside cache, the ProG3 alleviates the bottlenecks that drain performance, resulting in speeds up to 300% faster in processor intensive applications. Whether you're a speed junky or a media creation professional, the ProG3 will provide the ultimate acceleration at a fraction of the cost of a new machine.

Features:

- Installs in minutes
- AutoConfigurable
- No additional software required
- Unique power cooling for maximum reliability
- 1MB Backside cache eliminates bottlenecks and frees processor for maximum performance

Formac

ProG3/400
(400MHz processor, 1MB cache, 66-100MHz bus speed, 200 cache speed)

(450MHz processor, 1MB cache, 66-100MHz bus speed, 225 cache speed)
#55-02914-139..... $599

Newer MAXpowr G3 CPU Upgrade Cards— Up to 500MHz!

NEW G4 Upgrades are here!

Simply the most compatible and reliable G3 upgrades on the planet, period. MAXpowr G3 combines the PowerPC G3 chip with up to 1MB of backside L2 cache, producing the fastest single chip upgrade systems available. With its own dedicated bus running up to 250MHz, the cache bypasses the slower speed of the system bus and provides the performance that you need!

your own Windows system!

Custom PCs that fit your needs

Somewhere along the way, most computer manufacturers forgot what the "Personal" meant in Personal Computer: TradeMark® hasn't forgotten. Besides offering one of the broadest lines of computers available, every TradeMark system can be fully customized to meet your exact requirements. All this "Personal" attention won't cost you a dime extra.

Systems made right

TradeMark utilizes state-of-the-art production facilities designed to efficiently and quickly manufacture large volumes of customized systems. Each system contains only the highest quality components. Furthermore, each system is put through two separate tests, three full inspections and a full burn-in.

Build your TradeMark system from the components below or choose one of our pre-configured systems. Either way you'll get the right system, at the right price made right!

We'll custom configure these systems to fit your style of computing! Available in full-tower, mid-tower, or desktop cases.

Monitors sold separately—See pages 24-25!

NEW AMD Athlon™ up to 700MHz!

2-Year Depot Warranty on all systems!

Enhanced Mid-tower shown.

ADB DEVICES

Two-Button Programmable Mouse
#08-05013-139..... $29.99

105 New Wave Extended Keyboard
#08-05012-139..... $39.99

ADB Single-Button Mouse
- Excellent feel and shape
- 275 dpi resolution
- Soft responsive click button
- Optical mechanical encoding

#08-05008-139..... $19.99

Don't eliminate— integrate with Keyspan!

Keyspan USB Twin Serial Adapter
- Now supports externally clocked devices
- Provides two RS-422 mini-DIN8 ports
- Data rates up to 1Mbps per port
- Draws its power from the USB connection—a power adapter is not required
- Five year warranty

#80-01684-139 ..... $79

Keyspan SX Pro Serial Card
- Provides four RS-422/RS-232 serial ports
- Mac standard mini DIN8 connection on card
- Each port supports asynchronous and clocked asynchronous communications at data rates up to 1Mbps
- Supports any PCI Mac

#80-01675-139..... $179

Keyspan USB Card
- Adds two standard USB "A" ports to Mac or PC
- Delivers 12Mbps data transfer rate
- Supplies 500mA power to each USB port
- Supports up to 127 downstream USB devices
- Easy plug-and-play installation
- Five year warranty

#80-01663-139..... $44

Keyspan USB PDA Adapter
- Plugs into USB port on iMac or PowerMac G3
- Provides one RS-232 male DB9 port for direct connection to a Palm cradle or HotSync cable—Palm MacPac is not required
- Supports data transfer rates up to 57.6 Kbps
- Works with all Palm Computing connected organizers and Wacom tablets

#80-01676-139 ..... $39

Digital Media Remote NEW!
- USB to IR remote control
- For DVD, CD, Quicktime or MP3 Player applications

#80-01686-139..... $79

Make your system sizzle with FireWire!

OrangeLink PCI FireWire Card
The OrangeLink FireWire® PCI Board adds FireWire support to any PCI based computer— Macintosh or PC. It is ideal for older PowerMac computers including the beige G3s, as well as PCs which need the advanced technology offered by FireWire (also known as IEEE-1394 or i.LINK™). Features:
- Up to 400Mbps data transfer rate
- Provides 12V power to FireWire peripherals for "Hot Swapping"
- Two external 6-pin and one internal 6-pin connectors
- Includes 6-pin to 4-pin cable and Mac/PC drivers

FireWire PCI Card #55-04003-139..... $129

FireWire/USB PCI Card NEW!	#55-04010-139	$159
FireWire PC Card	#55-04009-139 Was $199	$149
FireWire SCSI Converter	#55-04006-139	$99
FireWire Hub	#55-04008-139	$99
FireWire Repeater	#55-04007-139	$49

Grappler SCSI Cards
The Grappler SCSI is ideal for the Blue and White G3s and new Graphite G4s which lack on-board SCSI, or for the older PCI based Macs which require a major SCSI performance increase. There are economical models for attaching external SCSI peripherals such as standard hard disks, Jaz drives, scanners, as well as high-performance Grapplers for RAID applications.

MW EDITORS' CHOICE

Grappler 906F (10MB/sec) #55-04000-139..... $49
Grappler 940UW (40MB/sec) #55-04002-139..... $149
Grappler 930U (20MB/sec) #55-04001-139..... $69

SCSI bandwith and FireWire,

VST FireWire Hard Drives

The new FireWire series of hard drives from VST Technologies are thin, lightweight, fully hot-pluggable and blazing fast. This unparalleled combination provides seamless storage performance for any FireWire equipped computer. Just connect the drive and the volume mounts automatically, ready for high speed file transfers.

Features:
- Thin and lightweight for easy portability
- FireWire bus powered—no external power supply required
- Up to 400Mbps data transfer rates
- Plug & play ease of use
- Hot-pluggable—no restart required
- Dual 6-pin FireWire ports
- No device IDs or termination

FirePower FireDrive— Stack it and Store it.

FIREPOWER Leading the FireWire Revolution

The FirePower FireDrive HDD is an external hard drive housing all of the speed, stability, and versatility of FireWire technology. With capacities ranging from 8 to 37GB, FireDrives combine FireWire's 400Mbps transfer rate and vast daisy chaining potential with an astounding ease of use. The FireDrive provides impressively stable and fluid storage performance for all FireWire equipped Macintosh systems.

Hot Swappable– Truly plug and play, all FirePower Peripherals may be mounted, removed, and reconfigured without rebooting the computer or changing device IDs and terminations.

Versatile– Multiple FirePower devices can be stacked andreplaced in any desirable sequence with seamless mounting to the desktop and no risk of conflicts.

Reliable– Since FireWire requires no IDs, low risk of datacorruption ensures that your data is there when you need it, making FirePower Peripherals a rock solid line of storage solutions.

Easy to Use– FireWire uses only one connector type. All FirePower Peripherals plug easily into any Macintosh with native IEEE 1394 ports for instant mounting to your desktop.

Features:
- IEEE 1394 Compliant
- Dual 6-pin FireWire ports
- No SCSI IDs or Termination
- Two year warranty
- Plays Real Time Audio/Video
- External power supply for stability and power
- Translucent Blue and Ice case

Maximize SCSI performance!

PowerDomain 39160 Mac Kit

This dual-channel SCSI card offers desktop professionals and high throughput Web servers the fastest overall performance and the most connectivity available for the Mac.

Features:
- 320MB/sec combined transfer rate (160MB/sec per channel)
- Dual channels connect up to 30 devices
- Broad compatibility with PCI-based Macs, hard drives and legacy SCSI peripherals
- Bootable peripheral support

#55-00341-139 ..... $499

29160N Kit
NEW!
#55-00343-139 ..... $349

2930U Kit w/cables

The ideal card for users who want maximum performance from hard drives, Jaz, CDR, and DVD peripherals at an affordable price.
- 20MB/sec Ultra SCSI card
- Connect up to 7 internal and external peripherals

#55-00334-139 ..... $89

2940U2W Kit w/cables

The highest performance SCSI card available today. SpeedFlex technology allows unprecedented backward compatibility with older SCSI devices.
- 80MB/sec transfer rate
- Simultaneous connectivity to Ultra2 and legacy SCSI devices
- LVD technology extends cable to 12 meters

#55-00174-139 ..... New Low Prices! $369
#55-00332-139 ..... $369

2940UW Kit w/cables (40MB/sec transfer rate)
#55-00122-139 ..... $219
#55-00129-139 ..... $299

2940U Kit w/cables (20MB/sec transfer rate)
#55-00127-139 ..... $199

SCSI Card 2906 Kit w/cables

Ideal for users who want reliable, low cost connectivity to legacy SCSI peripherals.
- 10MB/sec Fast SCSI PCI card
- Connect up to 7 peripherals

#55-00335-139 ..... $54

HotConnect 8945 Kit w/cables

Combines FireWire and UW SCSI on one card.

#55-00333-139 ..... $539

adaptec

ProRaid SCSI accelerators— the ultimate I/O solution!

ProRaid

The Formac ProRaid line of SCSI accelerators are hot! With transfer rates up to 80MB/sec (40MB/sec per channel) and connecting up to 30 devices, your applications will never have to wait for I/O again. Supports SCSI I, II, III, Fast, Wide and Ultra-SCSI, plus has built in support for SCSI Raid Level 0 and 1.

ProRaid I
- 40MB/sec data rate.
- Up to 15 single ended devices

#55-02900-139 ..... $79

ProRaid II
- 80MB/sec data rate.
- Up to 30 single ended devices

#55-02901-139 ..... $249

Macworld

iProRaidTV

Add SCSI to your iMac plus be able to surf the web and watch TV at the same time! Offers 16-bit Ultra Wide SCSI and 40MB/sec data transfer rate for the Rev A and B iMacs. Choose from 125 TV channels, capture stills or record full motion video that plays up to 30fps. Features:
- Hook up to 15 single-ended SCSI devices
- Support for SCSI I, II, III, Fast, Wide and Ultra SCSI
- Support for Raid Level 0 and 1
- Scalable video plays up to full screen format
- Connect easily via antenna, cable and video in S-Video & BNC formats

iProRaidTV
#55-02903-139 ..... $149

SCSI and IDE storage upgrades!

Dependable Ultra2 LVD hard drives

With over a decade of leadership in hard drive technology, Mirror brings you the finest drives from leading manufacturers like Quantum, Seagate and IBM. Each is known for outstanding performance, quality construction and precision engineering. With fully-shielded enclosures and high-capacity precision power supplies, we've spared no expense designing the best drives on the market, and they are available only from DTP Direct.

MIRROR
Exclusively at DTP Direct!

Ultra2 LVD SCSI provides four major advantages:

Faster bus data rates— Ultra2 LVD SCSI increases the bus data rate to 80MB/sec in 16-bit SCSI mode while lowering overall power consumption.

Increased device connectivity— Ultra2 LVD SCSI can connect up to 15 peripherals without creating a bottleneck.

Increased design flexibility— Providing extended cable lengths of up to 12 meters and transfer rates up to 80MB/sec, Ultra2 LVD SCSI is a more flexible design than previous SCSI interfaces.

Backward compatibility with Ultra SCSI— Makes the Ultra2 LVD SCSI upgrade low risk and allows peripherals to be added without requiring new controller cards.*

* Without the presence of an Ultra2 LVD SCSI controller, the Ultra2 LVD SCSI behaves as a standard SCSI or Ultra SCSI device, limiting its performance benefits.

RAID SYSTEMS

Don't miss a deadline because of slow file sharing or a hard drive crash—Invest in the future of your business with:

Scalable RAIDs from Consan!

CONSAN
A GATES/ARROW Company

Consan's new family of Ultra2 LVD RAID and Fibre Channel systems provide exceptional RAID performance in a small, pre-configured canister and are ideal for data intensive applications such as digital prepress, film and video, CAD, and 3D imaging. The robust RAID controller technology employs Chaparral's new dual-PCI XOR memory controller. The highly modular architecture delivers more than 90MB/sec sequential reads and writes and up to 10,000 I/O per second. Custom configure your system today! Features:

- IBM or Quantum Ultra2 LVD drives
- RAID levels 0, 1, 0/1, 3, 4, 5 (JBOD)
- Chaparral RAID controllers
- Internal temperature alarm
- Hot-swappable drive modules
- Hot-swappable power supplies
- Hot-swappable fans
- OS independent controller
- On-line capacity expansion
- Global hot-spare
- Ni-MH battery back-up disk cache
- Up to 80MB/sec per channel
- 64MB cache standard; max. 128MB
- Up to 10 drive capacity (360GB)

BellStor 2000 Deskside RAID

Need a cost effective and reliable RAID storage solution?

Then look no further than the NEW BellStor 2000. This latest addition to the vast line of RAID storage solutions was designed to be the perfect storage partner with your small office or workgroup. BellStor 2000 RAID solutions are available in capacities ranging from 60GB to 204GB to suit both your storage needs and budgetary constraints.

Features:

- Simple built-in initialization and setup using front panel access
- 64MB cache memory
- Fast/Wide / Ultra/Wide SCSI host interface delivers up to 40MB/sec transfer
- Selective RAID level 0, 1 or 5
- Selective SCSI I/O 0 to 15 with active termination
- Tagged-command queuing allows up to 225 simultaneous data request
- S.M.A.R.T. system compliant
- Hot-swappable drives and power supplies
- Serial communication port
- Automated failed disk drive detection
- Automated rebuild
- Automated Hot-Spare disk detection
- LCD status panel
- Independent Fault Isolation

storage and back-up experts!

6-bay, SCSI-based Translation Station™

Now, available only at DTP Direct, is the 6-bay SCSI-based Translation Station!

The Translation Station is a data storage device that can hold up to *six different drive types* including Zip™, Jaz®, CD-Rs, DVDs, tapes, hard drives...it will even work with future SCSI-based formats that haven't been invented yet! If you have the need to read multiple media formats, then the Translation Station is for you!

Available for Windows or Mac OS-based computers, it's the perfect solution for graphic arts departments receiving images and other data on many media formats. It's also the perfect solution for service bureaus serving their many clients who frequently use different storage standards. We'll build your Translation Station exactly the way *you* need it—with any combination of drives that you specify!

Your Translation Station comes complete with:

- 6-bay mini-tower cabinet
- 300-Watt power supply
- Your custom combination of up to six SCSI data storage devices
- Ability to add future devices with new storage technologies

From: $399!

Gathering images and data from many sources has always been a hassle...until now!

Includes full 1-year warranty!

Share 100 or more CDs at hard drive speeds!

ServStation Caching CD-ROM Server

Imagine making the contents of your entire CD-ROM library instantly available to everyone on your network. It's easy with PrimeArray's revolutionary new ServStation! It connects directly to Ethernet and can store 100 or more CDs, which are automatically cached and made available to every PC, Mac, and Unix box. You can even manage the ServStation using any Web browser. Installation is easy, requires no network downtime, and won't disrupt network users.

Share archived projects, stock photography, clip art, application installers, fonts, reference materials and almost anything that you have on CD-ROM. Features:

- Hundreds of times faster than a jukebox
- No software required on network clients
- Full user and group security
- Network Attach— No host computer required
- 10/100Mbps auto-sensing Ethernet
- Cached CDs can be compressed for greater storage capacity
- Displays networked CDs as subdirectories under one volume
- Access to both ISO-9660 (PC format) and HFS (Mac format) CDs

X-LARGE DLT for fast high capacity back-up!

The Quantum DLT family of tape drives is designed for applications that require read/write duty cycles of up to 100%. Quantum's unique tape-path design delivers 1,000,000 reliable data accesses with a 30-year tape life. For unsurpassed data integrity, the DLT family of drives also incorporates Reed Solomon error-correction codes of 16KB with every 64KB of user data, a 64-bit cyclic redundancy code (CRC), a 16-bit error-detection code (EDC) for each 4KB of recorded data, and an end-to-end 16-bit CRC for each user record.

DLT4000 *(40GB capacity)* #05-00920-139..... Lease from: $51/mo. $1999

DLT7000 *(70GB capacity)* #05-00930-139..... Lease from: $100/mo. $3899

Making your own CDs and

CD-Recordable Duplication Systems for the publishing professional.

MICROBOARDS Technology, Inc.

DSR 1080 Series

The DSR 1080 series is a low cost, easy to use CD-R duplication system with a compact footprint. It can be used both as a recorder for pre-mastering, or as a disc-to-disc CD-R duplicator. No hard drive is required as duplication is done on the fly. One touch copying couldn't be simpler! Features:

- Up to three simultaneous disc recording
- Supports CD-DA, CD-ROM Mode 1 & 2, CD-I, Mixed Mode, Multi-Session and Video CD
- Copy direct from source CD, copy to blank disc as a test, or use as premastering recorder direct from PC or Mac

DSR 1081 (One 32X CD-ROM, One 8X CD-R drive) #16-00198-139 ..... Lease from: $49/mo. **$1899**

DSR 1082 (One 32X CD-ROM, Two 8X CD-R drives) #16-00178-139 ..... Lease from: $59/mo. **$2299**

DSR 1083 (One 32X CD-ROM, Three 8X CD-R drives) #16-00179-139 ..... Lease from: $74/mo. **$2899**

AudioWrite Pro

AudioWrite Pro from Microboards Technology Inc. is the first CD Recordable system with both audio and data functionality. Users can install the AudioWrite Pro on their computers via the SCSI interface, and also connect the unit directly to any analog source, including tape decks, LP players or stereo console. No software is required to create customized audio CDs directly from any analog source. AudioWrite Pro may also be connected to a PC or Mac, and burn audio, video or data CDs with conventional premastering/editing software. Most importantly, it uses standard 74 min. CD-R media. No proprietary media is required. Applications:

- Create compilation audio CDs (on the fly) directly from various analog sources including tape deck, LP player, radio, television and others
- Connect to a PC and create compilation audio CDs by downloading MP3 audio files
- Backup system data from your PC or Mac on CD-R

AudioWrite Pro #16-00194-139 ..... **$679**

Cedar Desktop CD-R Publisher

The Cedar Desktop CD-R Publisher brings automatic CD production within reach of small businesses. Professional-looking CDs can now be done in minutes, for a fraction of the cost of outside services. The optional 600x300 color printer produces discs that look as good as silk-screening without the wait. Features:

- One to four 8X recorders; 20X max. read
- 50-disc autoloader
- Ionized CD cleaning system
- Mastering and automation software for Windows and Macintosh®

Cedar CD-R Publisher (One drive, s/w, printer) #16-00196-139 ..... Lease from: $192/mo. **$7499**

CD-R/CD-RW drives with CD authoring software!

NU DESIGN PRO

Adaptec Toast for Mac and Adaptec Easy CD Creator for PC software included!

NuDesignPRO CD-Recordable drives

NuDesignPRO CD-Recordable drives provide a low cost CD recording package allowing you to safely and inexpensively archive all your images, data and mission-critical files. Also perfect for title development, pre-master applications and audio applications, discs created in these CD-R drives can be read by a standard CD-ROM drive. Drives include SCSI ID push-button switch. Please note that your computer must have SCSI capability (See pages 11-12 for SCSI controllers).

NuDesignPRO CD-ReWritable drives

The CD-ReWritable disc allows you to write and rewrite to a CD-RW disc about 1000 times, giving you the safety of optical media with the versatility of magnetic media! Ideal for backup and prototyping, each CD-RW disc can store 650MB of computer data or 74 minutes of music on a standard CD size disc. These NuDesignPRO CD-RW drives can read your CD-ROM and CD-R discs, too! Please note that your computer must have SCSI capability (See pages 11-12 for SCSI controllers).

VST FireWire Zip Drives

The VST line of FireWire Zip Drives give users the ability to transfer large files to and from Zip disks quickly and easily. Because they are hot-swappable, you can plug and unplug the drive to any FireWire-enabled Mac without having to sleep, shut down or restart. In addition, they are Bus Powered, so there's no need for an AC adapter. Plus, the VST FireWire Zip Drives have a seamless user interface, so they work just like a floppy.

Network and Workstation tool kits are essential!

TOOLS DIRECT
A DIVISION OF COMPUCABLE MFG. GROUP

93-piece Network Maintenance Kit

Kit includes:
- 6" adjustable wrench
- 8' tape measure
- 4.5" side cutter
- 5" long needle nose pliers
- Razor blade
- Cushion dr. handle
- #0 ,1 ,2 phillips bit
- T10 bit, T15 bit
- 1/8", 3/16" slotted bit
- 7/32" slotted bit
- 13-piece ball point hex-key
- Pen flashlight
- Solder stand
- 25-piece RJ12 plugs
- 25-piece RJ45 plugs
- 66 block blade
- 110/88 block blade
- Adjustable impact handle
- Solder pump; anti-static
- Soldering iron
- Wire crimp/strip tool
- Hammer
- Cat 5 rotary stripper
- Mini GC DB25f/f
- Mini GC DB25m/m
- All-in-one RJ crimper
- Bit holder
- Tube solder

#80-01547-139... $159

Workstation Maintenance Kit

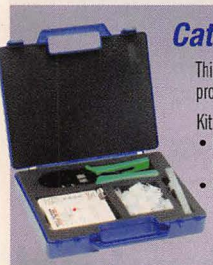
The Workstation Maintenance Kit is a necessity for all computer users. It includes essential tools to keep the monitor, keyboard and external peripherals as well as the computer's internal drives and components clean and free from harmful debris.

- Needle-nose pliers
- Mini-vacuum
- Mini phillips screwdriver
- Part holder tube
- Cleaning spray
- Zippered case
- Diagonal cutter
- 5pc vacuum attachment
- Mini flat screwdriver
- Cleaning fluid
- Bit driver handle
- Tweezers
- 5 pc driver blade
- Anti-static cleaning pads

#80-01548-139..... $49

Additional Tool Kits available—Call for details!

Cat 5 Termination Tool Kit



This kit contains a Category 5 & Coaxial cable tester that no professional network cable installer should be without.

Kit includes:
- Crimp Tool for RJ12 & RJ45 Connectors (CTK-268)
- Wire Stripper (CTK-501)
- Multi-Network Tester (CTK-MNCT)
- RJ45 8P8C Connectors (50pcs)
- Full 1-Year Warranty

#80-00610-139..... $99

iDock

iDock is the perfect solution for any connectivity issue with your Apple iMac. It provides three additional USB ports (four total with iMac), two Apple high-speed Serial "Geo" ports and one parallel DB25F port. iMac users can now enjoy the convenience of using their existing peripherals without having to purchase new ones. The iDock comes complete with a swivel base for viewing your iMac at various angles.

#69-05006-139..... $169

USB-to-ADB Convertor for Mac

Add two switchable Apple ADB ports to you new MacIntosh with CompCable's mini-ADB. This USB-ADB converter is a quick and easy solution that alows iMac's, the new G3's, or other Mac's with USB support to interface with tradional Apple ADB devices such as keyboards, mice and joysticks.

#80-00624-139..... $29

USB-to-Serial Convertor for Mac

Add two Apple serial ports to your new Macintosh with CompuCable's mini-Geo. This USB-Serial converter is a quick and easy solution that allows iMac's, the new G3's or other Macs with USB support to interface with traditional Apple serial devices.
- Bus powered, no external power supply required
- Compatiable with USB revision 1.0 and 1.1
- Supports Apple high speed Geo devices up to 230.4 Kbps transfer rates

#80-00621-139..... $79

Parallel Bi-Tronics Switches

Interface with multiple parallel peripherals without installing additional parallel cards!

- Reversible 1-to-2/2-to-1 or 1-to-4/4-to-1
- Three selection modes: Automatic, Manual Push Button, Software Control
- Compatible with IEEE-1284 devices such as laser printers, digital cameras, CD-ROM drives, tape backup drives...etc.
- Supports various file transfer protocols

Reversible Switch: 1-4/4-1
#08-00497-139..... $119

Top line video means 3D...

Vision3D's Voodoo Child— The EvilEye!

Needing no introduction, Mactell gives you 100 billion operations per second. Based on the highly acclaimed Voodoo3 graphics accelerator, the EvilEye series brings one of the fastest video cards in existence to the Macintosh, revolutionizing the lives of media creations professionals, hard-core game enthusiasts, and cutting-edge multimedia entertainment consumers everywhere.

EvilEye 2000™—Vision3D Video Graphics Card

- Voodoo3 integrated 128-Bit 2D/3D video accelerator
- Supports OpenGL, Glide, and Rave
- 143MHz core clock speed
- 16MB high-speed SDRAM memory
- 300MHz RAMDAC
- 100 billion operations per second
- 6 million triangles per second
- 286 megatexels per second
- Supports resolutions up to 2048x1536

EvilEye 2000
#57-00221-139..... **$149**

EvilEye 3500™—Vision3D Video Graphics Card

- Voodoo3 integrated 256-Bit 2D/3D video accelerator
- Supports OpenGL, Glide, and Rave
- 183MHz core clock speed
- 16MB high-speed SDRAM memory
- 350MHz RAMDAC
- 100 billion operations per second
- 8 million polygons per second peak processing
- 7 million triangles per second
- 333 megatexels per second
- Supports resolutions up to 2048x1536

EvilEye 3500
#57-00220-139..... **$239**

The fastest graphics accelerator for your Mac!

ProFormance III

Designed for fast thinking multimedia professionals and engineered specifically for the PCI Mac. A full 128-bit, UW memory/processor architecture, coupled with an industry leading 270MHz integrated RAMDAC delivers the kind of graphics seen only in high-priced professional workstations. Features:

- 16MB SGRAM handles 3D games and large graphic textures with extraordinary speed
- Unique Font Cache™—load fonts directly into the on-board memory
- Redraw rates up to 200KHz—even the most complex 3D games run virtually flicker free
- 33MHz & 66MHz PCI bus support

Macworld

ProFormance III 16MB
#57-02002-139 ..... **$259**

Formac

ProTV

Tune your PCI Mac into the world of multimedia!

The ProTV allows your computer to become a fully function TV and VCR in one. Capture still frames and full motion video with ease, surf the web while watching TV or record your favorite programs for future playback. You can even capture external video from your VCR or Camcorder! Features:

- DMA PCI BusMaster board
- S-video and composite inputs
- Receive up to 125 channels
- Name and edit channels
- Adjustable color, contrast, brightness
- Scalable video window with full screen support
- Still frame capture
- 30fps video capture
- External audio output (stereo)

ProTV
#57-02000-139..... **$99**

Unleash the raw power of Rage 128 graphics technology!

ATI Nexus 128

Ideal for the professional graphics designer, the new ATI Nexus 128 is faster than anything that has come before. This ultra-fast graphics accelerator board supports ultra-high resolutions of 1920x1200 in both 2D and 3D, works seamlessly with all your design applications and features remarkable QuickTime video acceleration. Features:

- ATI Rage 128 GL
- 32MB video memory
- 250MHz DAC for flicker free display
- Supports QuickDraw 3D and Open GL.

#54-00562-139..... **$219***

binuscan PhotoPerfect 4.0 for UMAX!

binuscan PhotoPerfect 4.0 gives you the option to choose manual correction, color matching (with Magic Match) or fully automatic correction (through the binuscan IPM) all from within the same Adobe Photoshop plug-in driver. This new version allows the user to preview (proof) the effects of binuscan corrections from within the preview window without having to wait for the complete post scan processing to be run. Users will be able to make additional modifications to the "Proof" prior to processing; then binuscan IPM rebuilds each image including the special changes resulting in full, balanced histograms each time.

UMAX scanners have won these awards and more:

AWARDS'98 MacHome · MacWEEK · Publish · PC Magazine Editors' Choice · Macworld World Class Award Winner · MVP PC Computing Finalist · PEI Design 1997 · impact AWARDS'94 · Macworld

Microtek–The Leader in Innovative Scanning Technology

ScanMaker 5

36-bit color flatbed scanner with E.D.I.T.™

The ScanMaker 5 features Microtek's own patented technology, E.D.I.T. or Emulsion Direct Imaging Technology. With E.D.I.T. you can actually capture a scanned image from a transparent original without an interfering pane of glass. Instead of a conventional transparent media adapter, your film is placed into one of four templates and one main staging tray to hold them (SnapTrans™ Templates). The template snaps into a tray and is then inserted into the scanner. The benefit? No refracted light diminishing the values of your original. No "Newton-rings" either—those annoying concentric circles that appear in scanned images when a piece of film is sandwiched between two panes of glass. But the ScanMaker 5 is also a reflective scanner as well, accommodating originals up to 8"x 14" on its upper scanning bed. It delivers the finest image quality of any Microtek scanner to date, and is perfectly suited to users in the graphic arts, service bureaus, photography studios or any environment where scanning a variety of film or reflective originals is a day-to-day occurrence. Features:

- 1000x2000 dpi optical resolution; 8000x8000 dpi enhanced
- Full 36-bit input/output in "Billions of Colors" mode
- Up to 8"x 14" reflective scans; 8"x 10" transparency scans
- 4 SnapTrans™ templates for film stocks from 35mm to 8"x 10"
- 3.6 density
- High-grade optically flat first surface mirrors yielding 95% reflective light for lower image noise
- Adaptec SCSI card and cable included
- Includes Adobe Photoshop LE, Caere OmniPage LE, Microtek ScanWizard Pro, Microtek ICC software**

ScanMaker 5 #61-00285-139..... *Lease from: $46/mo.* **$1799**

From entry level to high-end Agfa produces great images!

DuoScan T1200

DuoScan T1200 is a revolutionary 8.5" x 14" flatbed scanner developed for graphic design agencies, service bureaus, educational institutions and for corporate communications. It uses Agfa TwinPlate™ technology designed for Agfa's high-end scanners. The TwinPlate™ consists of separate, built-in reflective and film scanning surfaces. Unlike conventional flatbed scanners, the two surfaces can be loaded independently for maximum productivity and versatility. The reduced number of moving components increases accuracy, reliability and longevity. Features:

- 600x1200 dpi optical resolution
- 4800 dpi interpolated resolution
- 36 bit color
- 3.0 density range
- 8.5"x 14" reflective scanning area
- Gray 6.5ms/line; Color 8ms/line speed
- Single pass CCD scanning method
- 68.7 billion colors
- Built-in transparency unit
- SCSI-2 interface
- FotoLook, ColorTune, OmniPage LE, Corel PhotoPaint 8

flatbed or film scanner for you!

Nikon brings you the most revolutionary film scanner ever developed!

Nikon Coolscan 2000 slide scanner

The Nikon Super Coolscan 2000 features unprecedented color accuracy, unmatched detail and automatic removal of surface imperfections from your scans. This extremely versatile unit scans 35mm film in strip or slide formats and optional Advanced Photo System film. Plus you save hours of retouching time with Digital ICE™! Features:

- ***Revolutionary Digital ICE™ Feature*** automatically removes surface defects such as dust, scratches and fingerprints from scans
- ***Fast Scan Times of 20 Seconds*** at 2700 dpi makes this the fastest scanner on the market
- ***Hot Swappable Film Adapters*** for 35mm Slide, Film Strip or Advanced Photo System File (optional) means you can change your original without resetting the scanner or the software
- ***Unique Auto Slide Feeder*** allows unattended batch scanning of up to 50 slides (optional)
- ***Color Management System*** ensures great color from any film and allows users to work in RGB, CMYK, Lch and RGB color spaces
- ***Optical Density of 3.6*** is the best dynamic range of any 35mm format film scanner shadow detail
- ***Multi-Sample Scanning*** averages 8 or 16 scan samples for more highlight and shadow detail
- ***12 Bits Per Color Channel A/D*** gives you 36-bit color output
- Compatible with Macintosh, Windows and Windows NT
- Bundled with Nikon Scan 2.0

CAMERAS

Super Megapixel camera from Toshiba!

Toshiba PDR-M4 Digital Camera

Compact and easy to use, yet packing a big punch, is Toshiba's new PDR-M4 digital still camera which offers first-time users auto focus, point-n-shoot ability, but also lets the advanced photographer use the manual adjustments for a true photographic experience! Speed is evident with Toshiba's new Digital Signal Processor (DSP) that significantly reduces the time between shots (.8 sec.) while also extending the battery life. A burst shot rate of 4 continuous images at 1/2 second intervals! This new DSP technology provides ultra-fast boot time—less than 2 seconds!

Features:

- 1600x1200 or 800x600 pixel resolution
- Lens: Autofocus, F3.2/F8 (macro)
- Zoom Lens: 2x digital, 4x playback
- 5-mode flash (Auto, Red-eye Reduction, Fill-in, Slow Synchronous, Off)
- Includes AC power adapter and 8MB SmartMedia Card
- Interface: USB, serial, video

Toshiba PDR-M4 #60-04001-139..... **$499**

TOSHIBA

Toshiba PDR-M5 Digital Camera

The PDR-M5 includes the latest technology expected from Toshiba, 1.8" backlit LCD, 5-mode flash, Macro lens, 3x optical zoom with 2x digital zoom. The PDR-M5 also includes Toshiba's patented "Image Perfect" color reproduction circuitry for brilliant, true to life images even in low light environments. Features:

- 1600x1200 pixel resolution
- 2.14 million pixel, 1/2" CCD sensor
- Lens: 3x optical zoom, 2x digital zoom
- F3.8, 5.5, macro
- 1.8" backlit LCD
- Focus range from 20" to infinity
- 2 compression levels: fine, normal
- Includes: 8MB SmartMedia removable memory, AC adapter, rechargeable lithium-ion battery

Toshiba PDR-M5 #60-04002-139..... **$799**

the graphic professional!

Take digital imaging further with Kodak

Kodak DC290 Zoom Digital Camera

The Kodak DC290 takes brilliant, dazzling pictures, thanks to 2.1 megapixel (high) or 3.3 megapixel (ultra) resolution. But what makes it the ultimate in digital flexibility and control is its ability to "learn" scripts and applications – much like you would customize your PC with different software applications. Adjust, edit and apply special effects. Control and customize camera settings. Create animations. All right inside the camera. Features:

- 2240x1500 (ultra), 1792x1200 (high), 1440x960 (medium) or 720x480 (standard) pixel resolution
- 3X optical zoom, 2X digital zoom
- 20MB Compact Flash Card included
- 1/400 to 16 second shutter speed
- Aperture range: f/3.0-f/15.3 (wide); f/4.7-f/16 (tele)
- .1 to 3 frames per second burst capture
- USB Interface

Kodak DC290
#60-01513-139 ..... **$999**

Kodak digital science SOLUTIONS

Kodak DC280 Zoom Digital Camera

Fast, responsive and sophisticated, the Kodak DC280 Digital Zoom Camera means business. Start with two-megapixel resolution with enough detail for photo-realistic 8"x 10" prints. Move on to the large 20MB removable memory card that can hold up to 245 standard or 32 high-resolution pictures, and the USB interface which lets you download in moments. Features:

- 1760x1168 pixel resolution
- 20MB Compact Flash Card included
- 1.8" TFT color LCD
- 2X optical zoom, 3X digital zoom
- 30mm to 60mm focal length
- 1/2 to 1/755 second shutter speed
- Aperture (Wide: f/3.0 to f/7.6; Tele: f/3.8 to f/9.6)
- Interface: USB, Serial, PC card

Dimâge RD 3000 – The New Digital SLR Leader!

NEW!

The Dimâge RD 3000 uses Minolta new Hybrid Seamless Imaging System (Dual 1.5 million pixel CCD's). It delivers ultra-high resolution of 2.7 million pixels fro sharp, clear prints to as large as 5"x7" in 300 dpi mode. In addition, a low-pass filter and infrared-rays reduction mirror are employed in the relay optics to minimize the weakening of sensitivity to visible light, further ensuring superb images. What more, compared with other digital SLR's in this class, the cost per pixel is less than half. Features:

- Up to 1984x1360 pixel resolution
- Shutter speeds: P/S/A mode 1/2000 to 2 sec., M mode 1/2000 to 30 sec., flash sync 1/125 or slower
- User - selectable white balance settings
- SCSI - 2 interface
- Storage medium: Compact Flash (type I and II)
- 2" TFT LCD

– and print them in 1440 dpi!

EPSON ink jet printers for every budget and need!

EPSON Stylus® Pro 5000

Print it. Proof it. Believe it.

Developed with professional graphics users in mind, the EPSON Stylus Pro 5000 digital proofing system can be purchased with or without the high-performance external EFI Fiery Adobe Postscript 3 server (RIP) as standard equipment.

At the heart of the system is EPSON's new Micro Piezo DX3 print head technology. It features Epson's latest Micro Piezo DX3 print head technology, accessing four high-capacity ink cartridges to produce a level of print quality unmatched by conventional dye-sublimation and more expensive continuous-tone devices. Never before has a digital color proofing system offered unsurpassed Photo Quality with text and line-art that rivals an imagesetter in output quality. Features:

- 1440 x 720 dpi resolution
- Micro Piezo™ DX3™ print head
- 6-color high capacity quick drying ink system
- Supports paper from 4" x 6" to 13" x 19"
- Dual paper tray capability
- Standard Adobe® PostScript® 3
- Low operating cost – from $.25 to $6 per page
- One year EPSON Preferred™ Protection Plan

HP color lasers—the new standard in workgroup printing!

HP Color LaserJet 4500 Printer

How workgroup color laser printing is done!

Color LaserJet 4500 Series printers deliver exceptional color print quality right out of the box, in addition to offering the same overall reliability that you've come to expect from your HP monochrome printers. These printers are ideal for all your workgroup color laser printing needs from creating sales-winning marketing presentations to producing polished, easy-to-read financial statements to printing in-house training materials. Features:

- 600 dpi resolution
- HP ImageREt 2400 enhanced technology
- 32 MB RAM expandable to 208 MB
- 133 MHz processor
- Interface: Parallel ECP, 2 open EIO slots
- Industry standard sRGB color management

HP Color LaserJet 4500
#90-00762-139 ..... **$2599**
Lease from: $67/mo.

Color LaserJet 4500N Printer
Same as 4500 plus: 2 paper trays, 64MB RAM, HP JetDirect EIO card for Fast Ethernet 10/100Base-TX in 1 open slot
#90-00763-139 ..... **$3099**
Lease from: $80/mo.

Color LaserJet 4500DN Printer
Same as 4500N plus: 3 paper trays, automatic duplexing
#90-00764-139 ..... **$3999**
Lease from: $102/mo.

Black #90-00819-139 ..... **$99**
Cyan #90-00820-139 ..... **$119**
Magenta #90-00821-139 ..... **$119**
Yellow #90-00822-139 ..... **$119**

HP Color LaserJet 8500 Printer

How departmental color printing is done!

If your company needs a color printing solution but you haven't yet found a networked color laser up to your standards, you'll love the new HP Color LaserJet 8500 Series printers. Features:

- 600 dpi resolution
- HP ImageREt 2400 enhanced technology
- 32MB RAM expandable to 256MB
- 133MHz processor
- Enhanced HP PCL 5c, Adobe PostScript 3
- Paper handling up to 12 x 18.5"
- 1,100 sheet capacity in 3 paper trays

HP Color LaserJet 8500
#90-00765-139 ..... **$6299**
Lease from: $161/mo.

Color LaserJet 8500N Printer
Same as 8500 plus: optional duplexing, HP JetDirect card for fast Ethernet 10/100Base-TX in 1 open slot, 2.1-GB disk
#90-00766-139 ..... **$7199**
Lease from: $184/mo.

Color LaserJet 8500DN Printer
Same as 8500N plus: automatic duplexing, 64MB RAM, 3100 sheet capacity in 4 paper trays
#60-00126-139 ..... **$8799**
Lease from: $225/mo.

Black #90-00825-139 ..... **$129**

LASER PRINTERS

Brand name B&W Lasers

B&W Laser Print Systems from QMS®!

QMS

QMS 2060 FX laser printer

Large format printing for prepress publishing

When performance counts, your workgroup won't be kept waiting. The QMS 2060 shoots out pages using a 100MHz processor and a 20 page-per-minute print speed. It even has a 50,000 page-per-month duty cycle to handle the heavy loads. No workgroup printer would be complete without a network connection. The QMS 2060 Print System has a built-in Ethernet interface making it LAN ready. Features:

- 1200x1200 dpi
- 48MB up to 128MB RAM
- 250-sheet universal tray
- 150-sheet multi-purpose tray
- 13"x 19" edge-to-edge
- Standard Ethernet

13"x 19" edge-to-edge printing at 1200 dpi!

QMS magicolor 2 Laser Print System

Magicolor 2 is one of the fastest color lasers on the market. A 64-bit processor assures jobs print at high speeds up to 8 ppm color and 16 ppm black and white. Not only is it fast but it is also inexpensive. it will produce black and white prints at a consumables cost rivaling mono-chrome laser printers — only 2 cents per page at 5% coverage.

magicolor 2 CX

- 600x600 dpi resolution
- 24MB RAM
- 133MHz RISC Processor
- Interface: QMS CrownNet for Ethernet (10BT/100BTX)
- PostScript 2, PCL 5c/GL2

#37-01031-139
Lease from: $51/mo. $1999

magicolor 2 DX

- 2400x600 dpi resolution
- 80MB RAM
- 133MHz RISC Processor
- Interface: QMS CrownNet for Ethernet (10BT/100BTX)
- PostScript 2, PCL 5c/GL2

Tektronix color printers—built for business!

Phaser 780 Color Laser Printer

1-year on-site warranty!

The advantages of Tektronix award-winning color laser quality just got bigger: the Phaser 780 color laser printer—letter, tabloid, and tabloid full-bleed. Press-accurate proofs, tabloid newsletters, presentations, or over-sized spreadsheets—the 780 delivers the precise color your applications demand. Genuine Adobe® Postscript® 3 assures efficient page handling and advanced compatibility. With Tektronix, expanding your printing options offers real value. Besides the affordable purchase price, we've driven down the overall cost of operation too. With a 780 on site, you'll enjoy tabloid color printing for a small fraction of the cost of a color copier or outsourcing to a service bureau across town. With the Phaser 780 workgroup color printer, the Tektronix tradition of outstanding color, versatility, price, and performance is finally available in a tabloid laser. Features:

- 1200x1200 dpi resolution
- Letter, Legal, tabloid size paper handling
- 96MB RAM expandable to 192MB
- 133MHz processor
- Print speed: 16 ppm mono; 4 ppm color
- Language: Adobe® PostScript® 3, PCL 5C
- TekColor™ Dynamic Color Correction
- Interfaces: 10BT Ethernet, parallel, optional 100BT

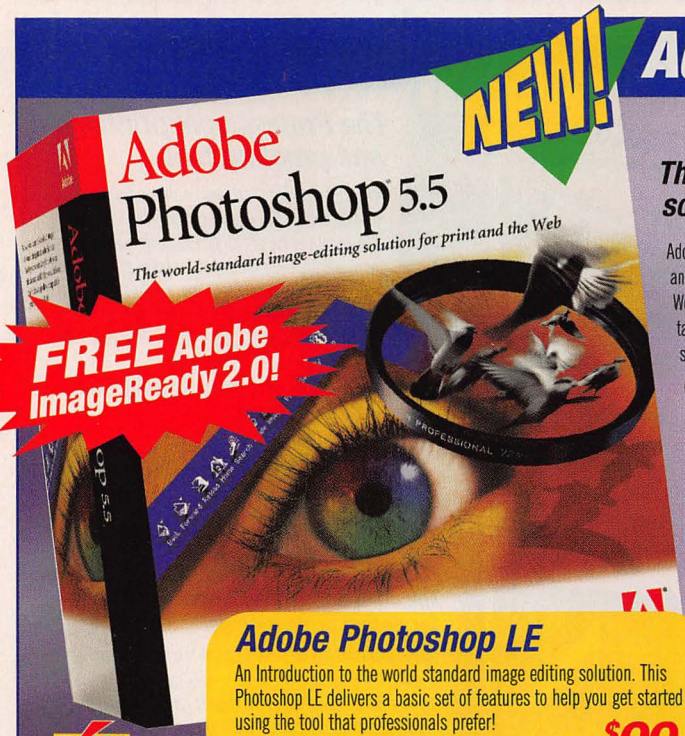
Adobe Photoshop 5.5, plug-ins

Adobe Photoshop 5.5



The world-standard image-editing solution for print and the Web

Adobe

Adobe Photoshop 5.5 software offers new creative tools and Web features—and gives you the power of Adobe ImageReady™ 2.0 for advanced processing of Web graphics. Transform images with "painted" brush strokes, and perform complex masking tasks with professional-level precision. Create original artwork, retouch photos, and add special effects with comprehensive filters.

Complete all your essential Web functions right in Photoshop, knowing that when you jump to the ImageReady application, key file attributes like History will be preserved. In ImageReady, slice complex, layered images and apply different format and compression settings to each area. Produce JavaScript rollovers and animate rollover behavior, create GIF animations, and attach hyperlinks. The first integrated tool set for designing and producing the finest images for print and the Web, Photoshop 5.5 software maximizes your productivity while helping you achieve the finest quality output in both media.

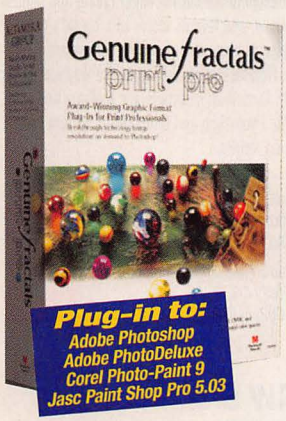
Genuine Fractals PrintPro and Genuine Fractals 2.0



Enlarge your photo image without loss of detail, quality or color!

Genuine Fractals PrintPro

The NEW award-winning professional publishing utility that works as a file format plug-in to Adobe Photoshop, Adobe PhotoDeluxe, Corel Photo-Paint 9, and Jasc Paint Shop Pro 5.03. Graphic designers, printers, and prepress professionals can work in CMYK, CIE-Lab, RGB, Grayscale, Multichannel, Duotone and Indexed Color modes to produce 4/C process and large format output. You can work on smaller original images in real time, save as a Genuine Fractals encoded file, then render the image to any size output from thumbnails to billboards. With Genuine Fractals PrintPro, you store and transmit smaller files and only create the resolution you need at output time. Resolution on demand means you get multiple uses from the same image asset.

Genuine Fractals 2.0

Geared for professional photographers and computer artists, contains the same functionality as PrintPro without support for CMYK and CIE-Lab color. A great companion to digital cameras, desktop scanners, and color inkjet printers, Genuine Fractals also enlarges lower resolution images.

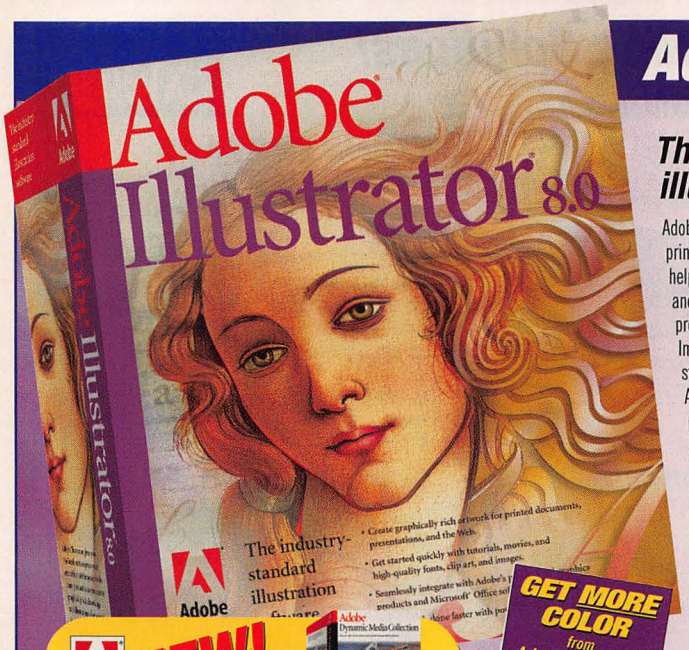
Industry leading illustration tools!

Adobe Illustrator 8.0



The industry-standard illustration software!

Adobe Illustrator 8.0, recognized by designers, technical illustrators, and printers around the world as the industry-standard illustration software, helps you make your creativity stand out in sophisticated artwork for print and the Web. First-class integration with Adobe's professional graphics programs, including Adobe Photoshop 5.0, Adobe PageMaker 6.5, Adobe Premiere 5.0, and Adobe ImageReady software, provides an efficient workflow. Exciting new productivity tools and a streamlined interface let you meet deadlines with precision. Automate common tasks using the Actions palette, and freely zoom in and out on your illustrations as you work with the Navigator palette. Bold creativity tools, ranging from live brushes for painting art on paths to the unique Gradient Mesh tool for creating blends, offer graphics professionals and business users alike limitless possibilities. And accessibility features make the creative process more intuitive. For example, the new Pencil tool lets you sketch on-screen as easily as you draw on paper.

anufacturer's Warranty:

items we sell come with the 30-day Guarantee Against Defects. If your product is fective in any way, all you have to do is call our Customer Service Department for a Return thorization Number at 800-323-9285. Defective software will be replaced upon receipt of e defective product. Defective hardware will be replaced or repaired at our discretion. turns of non-defective merchandise are subject to a restocking fee of up to 20% of the rchase price. In order to speed repair or replacement of certain products, we have made angements for our customers to deal directly with the manufacturer. These products will identified when you call to get your Return Authorization Number. DTP Direct, of course, nds behind our Guarantee and, if you have any questions regarding our arrangements with e manufacturer, please call our Customer Service Department.

P Direct sells name-brand products made by a variety of manufacturers. DTP Direct does t alter the products in any way. DTP Direct makes no warranties, either express or implied, garding the products offered in this catalog. The warranties and guarantees on Mirror oducts and a general statement of 30-day money-back guarantees offered by some nufacturers are discussed below. By purchasing or leasing products from this catalog, you ree that DTP Direct has not made any express or implied warranties regarding the products d you waive all other warranties, rights and remedies arising by law or otherwise against P Direct, including but not limited to, express warranties, implied warranties of rchantability and fitness for a particular purpose, and implied warranties arising from rse of performance, course of dealing or usage of trade. IN NO EVENT SHALL DTP DIRECT LIABLE FOR LOSS OF USE, LOSS OF PROFITS, OR ANY INCIDENTAL OR CONSEQUENTIAL MAGES IN CONNECTION WITH THE PURCHASE OR USE OF ANY PRODUCT IN THIS CATALOG.

oducts sold by DTP Direct usually carry a manufacturer's warranty beyond the 30-day arantee Against Defects offered from DTP Direct. On products carrying the brand names rror, NuDesign and NuDesign Pro, DTP Direct includes a 30-day money back guarantee and rrants the drive enclosure against defects. Drive mechanisms sold separately or inside the ve enclosure are warranted through the drive manufacturer.

Mirror product fails to meet your expectations, send it back within 30 days of purchase a refund of the original price, excluding shipping and handling charges. To receive a und of the original price of the product, less the shipping charges, a Return Authorization) number must be attained by calling 800-323-9285. The product must be returned ght prepaid in the original packaging, with all cables, software, manuals, warranty cards, in re-salable condition. A reconditioning fee will be charged if any items are missing or in re-salable condition. The product must be received on or before the 30 day period ires. All products to be returned to DTP Direct must show a valid RA number on the side of the package. Product returns without a visible RA number will be refused. Most ective software will be replaced immediately, and hardware repaired or replaced at our cretion.

anufacturer's 30-Day Money-Back Guarantee:

ny of the products we sell carry a Manufacturer's 30-Day Money Back Guarantee. If, for r reason, you are not satisfied with your purchase of these products, follow the steps for rning products (above). If you are not satisfied with a product that does not have a 30- Money Back Guarantee, please contact the manufacturer's service center directly.

Page layout and design for the future of professional publishing

Adobe® InDesign™ software redefines professional publishing, delivering a level of integration, creative freedom, productivity, and precision unmatched by other page layout programs. Preserve your creative legacy by easily converting QuarkXPress® documents to InDesign format. If you already know Adobe Photoshop® and Adobe Illustrator,® the familiar commands, tools, shortcuts, and palettes will let you hit the ground running. Incorporate native Photoshop and editable Illustrator artwork into publications. Place pages from Adobe Portable Document Format (PDF) files as linked graphics and save PDF files directly for a digital publishing workflow. Experience unprecedented typographical control with innovative kerning controls, automatic ligatures, a unique multiline composer for automatically setting optimal line breaks, and more. Above all, experiment freely, knowing you can undo/redo multiple steps.

QuarkXPress 4.0

The layout and design choice of the world's top publishers!

A powerful yet easy-to-use program, QuarkXPress is used by the world's leading designers and publishers to produce everything from newsletters, ads, and brochures to product packaging, catalogs, magazines, and newspapers. QuarkXPress is an integrated publishing package that combines expert type, layout, color, and graphics-handling features with professional illustration tools, word processing, and sophisticated prepress functions — all in one application. Precise typography and layout tools give you an unparalleled design control and command over every aspect of your document, from conception to output.

MacDrive 98 for Windows

The easy way to read & write Mac disks from Windows!

MacDrive 98 makes it easy for Windows to access Mac format floppies, Zip, Jaz, EZFlyer, SyJet, SyQuest, CD-ROM, hard drives and more! It's so easy and powerful because there's no new software to learn — just put in a Mac disk and click its drive letter directly from the desktop, Explorer or your favorite software.

MacDrive 98 is the software of choice for anyone sharing files between Mac OS and Windows systems. Features:

- New Version 3.0 supports HFS Plus
- Works transparently with Windows 95, 98 and NT 4.0
- Great with Photoshop, Illustrator, FreeHand, PageMaker, Quark and more
- Shows appropriate icons and file name extensions
- Preserves long file names
- Formats Mac disks
- Accesses multisession Mac CD-R
- Decodes downloaded MacBinary and BinHex files
