OVER 50 Great New Features!

New!
Mac OS 9 Only
$89
121767

Find exactly what you want on the Web!

Sherlock

Your personal search detective

Sherlock 2 features a simple new interface

Search for information using flexible channels

Mac OS 9 Features The All New...

Sherlock 2

Sherlock 2, your Internet detective and personal shopper, is the most powerful and fun way to find information on the Internet. You also can use Sherlock 2 to find people, the latest news, and even do all your online shopping — faster and easier than ever! Sherlock 2 includes a simple new interface and flexible channels that show you exactly the information you need, depending on what you're looking for. When you're looking for people, you get their e-mail addresses and phone numbers. When you're shopping, you see how much it's going to cost and how quickly you can get it. Of course, Sherlock 2 also lets you sort using relevance rankings, so you can zero in on exactly the information you're looking for. And Sherlock 2 automatically keeps its channels up-to-date, so you always have access to all the best search sites and products on the Internet.

Search the Internet for all the information you need, including news, sports scores, people, and shopping information

Get flexible results that show relevance, e-mail addresses, phone numbers, prices, and availability

Apple QuickTime VR

Apple QuickTime VR Authoring Studio software lets you create virtual-reality scenes with point-and-click simplicity. It takes full advantage of the intuitive Mac OS interface to help you easily turn photos and computer renderings into attention-getting 360-degree views. QuickTime VR Authoring Studio is a powerful one-stop solution for producing all kinds of QuickTime VR content.

Power Peripherals for Your G3!

Powerful Peripherals for Photos, Videos, and Color Prints – and all are Customized for Your G3!

Digital Video Camera NEW!

Canon
DIGITAL MOTOR DRIVE
Mini DV

The newest addition to the Canon digital family, the GL boasts the exclusive L-Series Fluorite 20X zoom lens, the first Canon mini-DV camcorder to utilize this technology. It delivers superior image quality and performance, as well as optical image stabilization, three shooting modes, and 3 CCD image sensors plus pixel shift. This Firewire IEEE 1394 compatible camcorder is ideal for producing QuickTime movies and creating images for distribution via the Internet. Whether your need is broadcast production or simply the very best picture quality, the miniDV format delivers more than 500 lines of horizontal resolution - nearly a 25% improvement in picture quality over the best analog formats. The tape formulation is advanced to last longer and even withstand repeated use without failure, virtually eliminating drop out and delivering higher output and less noise. Don't delay, this impressive array of features is available at an unprecedented price – Call now!

"Ground-breaking price/performance ratio that made it, without question, one of the hottest products at the Expo."
– Scott Kelby, "PhotoShop User," Editor-in-Chief

PhotoShop User Magazine's "Hot Pick" for 1999!

The GL Helps you Take Stunning Video With These Features:

- Optical Image Stabilizer
- 3 Shooting Modes – Photo, Frame, and Movie
- Professional Quality L-Series Fluorite Lens, 20x Optical/ 100x Digital Zoom for Supreme Clarity and Image Quality
- 3 CCD Image Sensors with Pixel Shift Achieves Outstanding Picture Detail
- 2.5" LCD View Screen Makes It Easier to Compose Sensational Shots from Any Angle
- FireWire and analog input/output

117857 FriendlyNet USB 4-Port Hub **$39.95**

USB to Serial Adapter

uConnect & uConnect for Printers

uConnect is a USB to Serial adapter that supports 230K baud communication speeds. That means you can download images from your digital camera in half the time it would take with any other USB to serial adapter. uConnect for Printers works invisibly with your printer's existing software. Unlike other USB to Serial adapters, uConnect for Printers does not require altering your printer's existing software with "patch" utilities. uConnect emulates a Macintosh printer port or modem port, allowing for the greatest ease of use with the greatest number of serial devices from printers to modems.

MAC OS 8.6 Compatible!

Compatibility:

Printers: Apple Color Stylewriter 4100/4500/6500, Apple Imagewriters, Epson Stylus Color 500, HP Deskwriter 500/600 series, HP DeskJet 800 series, Costar Labelwriters, Seiko Smart Label Printers.

Personal Digital Assistants: Palm Pilot, Palm III, Palm V, Newton, Psion, Texas Instruments.

Digital Cameras: Apple, Agfa, Canon, Casio, Chinon, Epson, Kodak, Olympus, Minolta, Nikon, Ricoh, Sony

Graphic Tables: Wacom

Requirements: Hardware: Any Mac with USB port; Software: Mac OS 8.1 or later

Newcourt Financial

15 years of experience

Since 1984, MacConnection has offered new innovative services, including our Toll-Free Technical Support, Everything Overnight®, and Weekend Shipping. We also offer an Authorized Service Center that can repair computers and hardware purchased from us – usually within 24-48 hours.

Everything Overnight®

Barring events beyond our control, place your order as late as 2:00 a.m. ET, and expect to receive your shipment the next business day via Airborne Express. Upon request, weekend shipping is also available to most areas at no additional charge. Order Friday for Saturday delivery. Order all day Saturday 'til 11:00 a.m. ET on Sunday, for Monday delivery. Some areas require an additional day for delivery.

Easy payment

We accept MasterCard, VISA, NOVUS, and American Express cards, and we never charge your credit card until we ship your order. Personal and company checks clear the same day, upon receipt and approval, for immediate shipment of your order. Corporate POs are accepted subject to approval. All U.S. shipments are insured at no extra charge.

Systems Connection®

Call us today for the latest selection and great pricing on Apple's new G3 iBooks, iMacs, Power Macs & PowerBooks! Call **800-800-MACs**.

Memory Connection®

Quality memory modules at guaranteed low prices, 100% tested, and a Lifetime Warranty.

Service Connection®

You have made your purchase and still need help? Just call us at **800-800-0011**.

Service Center

Let MacConnection be your Authorized Repair Center for all your computer needs. We offer fast 24 to 48-hour turnaround service on all the major brands, whether in or out of warranty. With more than 12 years of experience in computer repair services, MacConnection offers low competitive rates, free estimates over the phone, plus a 90-day warranty.

FACTORY AUTHORIZED REPAIR CENTER

SERVICE NET Not All Service Plans Are Created Equal!

SERVICE NET has created one of the best and we are proud to offer it to our customers. Covered repairs on computer systems and hardware peripherals you buy at PC Connection are now just a phone call away!

• Day One and Extended Service Plans • Fully Insured • Tech Support • No Lemon Guarantee, and much more!

Our Shipping Policy We ship via Airborne Express at $9.95 up to 3 pounds, and $1.25 on each incremental pound. This does not apply to orders shipped outside the Continental U.S. or to APO and FPO addresses. Shipping to Hawaii, Alaska, Canada, Puerto Rico, and the U.S. Virgin Islands may require additional time and charges – call 800-800-2222 for shipping information. International orders, add 2% surcharge and $2.30 insurance. A contact phone or fax number is required. You will be responsible for actual shipping charges, as well as tax and duty. Call 603-446-5555 or fax 603-446-7791 for information. Items of excessive size and/or weight may require additional delivery time. Checks must be drawn on a U.S. bank in U.S. dollars. Upon receipt and approval, personal and company checks clear the day they are received for immediate shipment.

Year 2000 Disclaimer PC Connection, Inc. encourages its suppliers to make their products and services year 2000 compliant. However, PC Connection, Inc. does not represent or warrant that any product advertised or sold by it will not experience date related errors resulting from the turn of the century (the year 2000). Any information provided on products has been furnished by the manufacturer.

Our Sales Policy All sales are subject to PC Connection's Standard Terms of Sale. You may review the Terms of Sale at www.pcconnection.com or you may request a copy by calling our toll-free telephone number.

Return Policy • Some products carry a money-back guarantee (MBG), allowing you to return your purchase for a full refund, excluding shipping charges, if you're not completely satisfied. Be sure to ask your Sales Consultant if the product(s) you're ordering carry the MBG. • All products are covered by their respective manufacturers' warranties. Within thirty (30) days of purchase, we will replace or repair, at our sole discretion, any product that is deemed defective. After 30 days, the manufacturer's warranty process must be followed.

• All non-defective returns authorized by MacConnection are subject to a 15% restocking fee, and must be completed within 30 days of invoice.

• PLEASE NOTE: Due to restrictions placed upon us by the manufacturers, computers and printers are returnable in the first 30 days for repair only. Computers, printers, LCD projectors, and Quark products are not returnable for credit or exchange.

• All returns require prior authorization and must be returned with all original packaging, accessories, and documentation, including registration card; so please don't discard these materials. To request a Return Merchandise Authorization (RMA), please call 800-800-0011. RMAs are valid for 10 days. Incomplete or unauthorized returns will be refused.

And Now, the Fine Print: You are entitled to the manufacturer's limited express warranty, if any, that accompanies the product. PC Connection, Inc. makes no additional or independent warranty. All other warranties, express or implied, including the warranties of merchantability and fitness for a particular purpose are disclaimed. PC Connection shall under no circumstances be liable for special, incidental, or consequential damages including loss of profit, even if it has been advised of the possibility of such damages; the maximum liability for all direct damages, if any, arising out of any action shall be limited to an amount not to exceed the purchase price of the product. ©PC Connection, MacConnection, Everything Overnight, and the raccoon character(s) are registered trademarks of PC Connection, Inc. Merrimack, N.H. All other trademarks remain the property of their respective companies. We are not responsible for typographical errors. Prices and promotions are subject to change without notice.

USB Peripherals
For Your iMac and G3!

Add Serial Ports to Your New Mac!

USB Twin Serial Adapter

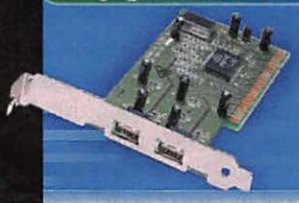
Here's a way to connect your serial printer, Wacom tablet, Palms or most any other Macintosh serial device to your new iMac or Blue G3 Mac. Simply plug it into your Mac's USB port to get two serial ports for your serial devices!

- **Supports externally clocked devices**
- **Provides two RS-422 mini-DINS ports**
- **Transfer rates up to 1Mbps per port**

119213 USB Twin Serial Adapter **$79.95**
114059 USB to PDA Adapter **39.95**
120896 UHub **49.95**

KEYSPAN

Keyspan USB Card



Want a simple, dare we say it "elegant" way to add two additional USB ports to your Mac (or PC, if you must)? This easy-to-install USB card makes it simple to connect to the new, configuration-less, easy-to-use USB printers, joysticks, scanners, disk drives and more.

- **Adds two, powered "A" USB ports to your Mac**
- **Up to 12Mbps transfer rate**

111190 USB Card, Mac..... **$39.95**
115631 SX-Pro 4 ..... **169.95**

Make the Most of Your USB Machine
with USB Adapters, Drives and More!

newer technology

uSCSI

Don't throw out your trusty SCSI printers, external drives and other peripherals just because they don't fit the USB port in your iMac or new Mac G3! Get the uSCSI adapter and preserve your peripheral investment. You can even daisy-chain up to seven SCSI peripherals and hot-swap them without rebooting your computer.

Cross-platform compatible

109662 uSCSI **$69.95**

uFlash

These cross-platform compatible readers use removeable media to transfer digital camera images, photos and other files up to 80 times faster than serial-cable transfers.

109661 uFlash Compact Flash .. **$89.95**
109660 uFlash Smart Media **89.95**

uHub

This uHub makes it incredibly easy to connect (and disconnect) seven USB devices to your iMac or other USB computer. It features LED port status indicators and up to a 12Mbps transfer rate.

109659 uHub 7-port Powered Hub **$89.95**

uDrive

Easily connect this 1.4MB external floppy to your iMac or other Apple USB-equipped computer!

109658 uDrive .. **$99.95**

Connect SCSI Peripherals to USB Macs!

MICROTECH INTERNATIONAL, INC.

USB UNIVERSAL SERIAL BUS

USB XpressSCSI

Connect existing SCSI peripherals like hard drives, Zip drives, and CD-R drives to your USB iMac or new G3 with the USB XpressSCSI converter cable. The intelligent cable features a standard USB connector at one end and a SCSI connector at the other. It supports up to 7 devices in plug-and-play fashion. Now includes scanner support!

- **Supports most SCSI devices such as Zip, Jaz, and external hard drives**
- **Provides transfer rates of up to 1.2MB/second**

111329 USB XpressSCSI *(USB-to-SCSI Converter Cable DB25)* .. **$69.95**
111330 USB XpressSCSI *(USB-to-SCSI Converter Cable HD50)* **69.95**

Mii Zip SlimZip for USB

The smallest and lightest Zip drive available!

- **USB interface, hot-swappable**
- **Data transfer rates up to 1.4MB/sec**

Authorized Catalog Reseller and Service Provider

More Power!

With processor speeds up to 450MHz, backside cache up to 1MB, and a superfast 100MHz system bus, the new Power Mac G3s are blazing fast!

Distinctive Design!

With "bullet-proof" polycarbonite cases, flared handles, and a distinctive blue-and-white color scheme, the new G3s stand out in a sea of beige!

Blazing-fast FireWire
(400Mbps) is built into every new Power Macintosh G3, allowing you to import video directly from digital camcorders with stunning quality.

10/100BaseTX Ethernet
Now built-into every new Power Mac G3 (no expansion cards required).

With USB built in
(Universal Serial Bus), it's simple to add devices like keyboards, mice, printers, scanners, cameras, joysticks and speakers (up to 127 devices total).

Easy Expandability!

Just flip down the easy-open side door for fast access to 4 PCI slots and 4 DIMM slots. Plus you can attach hundreds of peripherals to the G3 through USB and FireWire ports.

Speed Showdown!

A $219.95 Value

With purchase of new 333MHz or 400MHz PowerBook G3

The new Macintosh PowerBook G3 Series computers — the world's fastest notebook computers — are now nearly 2 pounds lighter and almost 20% (half an inch) thinner than their predecessors. With processor speeds up to 400 megahertz, they run up to twice as fast as comparable Pentium and Pentium II processor-based notebook and desktop systems.* And with dual-battery capabilities, you can use your new PowerBook G3 for longer than ever — up to 10 hours at a time!

These pumped-up, slimmed-down PowerBooks are powered by copper-based 333MHz and 400MHz PowerPC G3 processors for true desktop performance. They come with cutting-edge features like 14.1" LCD screens, hard drives up to 6GB, 10/100BaseT Ethernet, USB, and 56K modem ports for easy connection to the latest peripherals and high-speed networks. Plus, you can connect them to an external monitor, video projector, television, or VCR to extend your workspace. Order today, and travel lighter tomorrow!

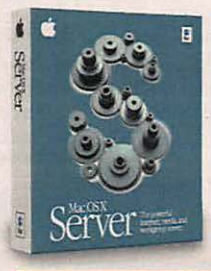
Macintosh Server G3 with AppleShare IP 6.2

The best server you can buy for your community of Macintosh users is now faster, easier to use, and more versatile than ever. The Macintosh Server G3 runs Mac OS 8.5 tuned for servers and includes AppleShare IP 6.2, which can handle up to 500 simultaneous users and 18 million Web connections per day. Plus, with powerful e-mail, print sharing, and Internet and intranet services, the Macintosh Server G3 is the affordable server for all your needs.



Mac OS X Server Software

Only $429.95
112945

Apple's first modern server operating system, Mac OS X Server software makes it easy for you to deliver Web and digital media content over the Internet or manage networks of Mac OS-based clients. Mac OS X Server is licensed for an unlimited number of clients and is optimized for Apple's new line of Power Mac G3s.

NEW Features in Mac OS X Server:

- NetBoot for easy workgroup management
- Apache Web Server plus advanced tools to configure Apache's features
- WebObjects developer tools and basic deployment license
- Powerful, scalable file-serving capabilities
- QuickTime HTTP streaming for digital media broadcasting
- Setup Assistant for fast, easy setup

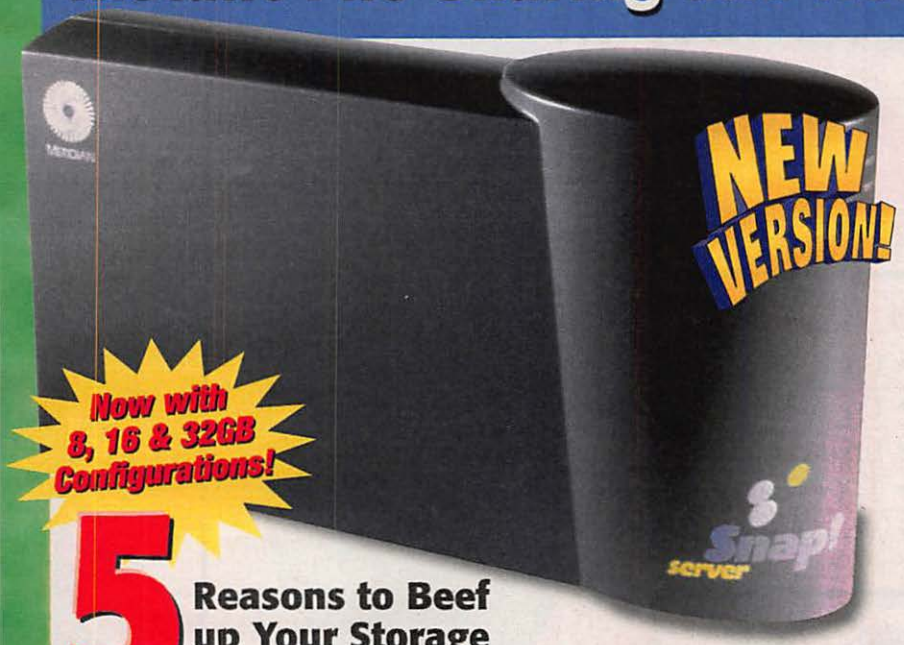
Instant File Sharing and Network Storage!



Now with 8, 16 & 32GB Configurations!

5 Reasons to Beef up Your Storage with Snap! Server

1. *Plug it in, power it up, and it's ready for use in just minutes.*
2. *Connects directly to your network – does not affect existing file servers.*
3. *Pre-configured for Macintosh, Microsoft (NT, 98, 95), Novell, and UNIX clients.*
4. *No additional client or server software required.*
5. *Best storage value available in terms of cost, installation time, and network manageability.*

- **Offloads traffic from primary servers to improve network performance**
- **Supports Macintosh, NT (including peer-to-peer), Novell, UNIX networks**
- **NEW! Raid 0,1 support for mirroring and striping**
- **Auto-configures for 10- or 100-BaseT Ethernet LANs**
- **Simple Web browser interface lets you administer anywhere on your LAN or WAN**

MERIDIAN®

Meridian Snap! Server 2.0

Quick Fix for Stressed Out File Servers. Cross platform file sharing can be troublesome, and adding more storage is often expensive and time-consuming, Now both are literally a Snap! Just plug Meridian's affordable Snap! Server 2.0 into a hub on your Ethernet LAN, power it up and within minutes, your Mac and PC users have shared access to more storage on the network.

Schools, corporate workgroups, remote offices, and every type of small business can utilize Snap! Server to solve their storage needs.

Now more versatile than ever, the Snap! Server with Version 2.0 software handles larger capacities and is up to *3 Times Faster* than the first generation drives. The dual disk drives can even configure as RAID 0, 1 drives! And they work equally as well on AppleTalk, Microsoft, Novel and UNIX clients.

114972	Snap! Server v2 8GB	**$939**
114973	Snap! Server v2 16GB	**1699**
114974	Snap! Server v2 32GB	**2399**

Snap! server™

Quickly Solve These Common Problems:

Problem Your server hard drive is full

Solution Add 8, 16 or 32GB in just minutes, no special training or tricky installation required

Problem You want to update your Server hardware without impacting shared data access

Solution Migrating shared files to Snap! Server is easy and every network user can share them!

Problem You don't know anything about networking and Ethernet

Solution Snap! Servers are so easy to set up, use and administer that even network neophytes can have a networked file server in their small office in minutes.

Problem You need data backup, you can't afford an expensive RAID server

Solution Make a dynamic backup of your laptop, desktop or even existing server. Or restore data in seconds, not hours.

Problem Large shared graphics files are slowing network response to a crawl

Solution You can place Snap! Server anywhere on your network and it doesn't drain processing resources from your network server.

Problem The remote office needs a server that can be managed from the home office

Solution Snap! Servers's browser-based interface makes central administration easy, no matter where you place them.

"We unpacked, set up and ran our evaluation unit within about 15 minutes... Network administrators will appreciate their ease of installation, configuration and administration. Users will bethankful there's no interruption of service assoictaed with installing one."
– Small Business Computing 8/98

"It doesn't get Much Simpler Than This."

Usability Achievement of the Year – PC Comptuing 1/99

"Your best bet for a network storage box is the Meridian Data Snap Server. It's the easiest of the bunch to install, and it also gives you... roomy options."
– PC Comptuing 4/99

Smile! You're on VideoCAM!

KENSINGTON

Kensington VideoCAM Family

Comb your hair. Fix your shirt. Make sure you don't have any spinach stuck in your teeth. You're about to go live on the Web. Kensington's new VideoCAM puts your still image, video clip or even live videoconference on the Web, simple as 1, 2, 3. They cost less. They deliver higher quality. Quite simply, the Kensington VideoCAM finally makes it practical to use the Internet to share images... pictures... ideas. Kensington partnered with a major innovator to develop CMOS SVGA technology. The CMOS packs more information and detail into a smaller set of chips. SVGA makes the images better, crisper, clearer. The result? Better cameras at a lower cost.

VideoCAM

The most budget-conscious choice that's great for sharing baby's latest scene-stealer with Grandma. Or videochatting with your college student from their uniquely decorated dorm room.

NEW!

- SuperCIF 400 x 300ppi (4.9" x 4.0")
- Excellent picture quality

118845 VideoCAM $49.95

All VideoCAMs Feature:

- Plug into Mac or PC USB port
- Include 6-foot tethered cord
- Have swivel base for adjusting lens
- VideoCAMworks software bundle

VideoCAM Super VGA

The next best thing to being there! Imagine videoconferencing with co-workers, clients or the family with images better than most still cameras! You will with the Super VGA model. In fact, you can even read text!

- CMOS SVGA TechnologyL 800 x 600 ppi (11.1" x 8.3")
- Largest window with the best picture
- Built-in mic for audioconferencing
- Legible document shot capability

118847 VideoCAM Super VGA $129.95

VideoCAM Mac VGA

For a little more, enjoy finer resolution and even better color. Send videoclips to loved ones. Check in at home in real time.

- 640 x 480 ppi VGA (8.9" x 6.7")
- Bigger window brings people closer
- Also available in PC-friendly model

118846 VideoCAM VGA $79.95

NEW!

Make Movies in 4 Simple Steps!

Includes USB video-capture device

1. Storyboards help you plan movies quickly.

2. Plug the video-capture device into the USB port. Capture full-motion video, audio, or still images from a VCR, camcorder, TV, or Web.

3. Edit video and audio clips using Avid's easy, drag-and-drop techniques, then add special effects, voice-overs, soundtracks, and titles.

4. Just click a button to transfer your finished movie to CD-ROM or VHS videotape, or export as a QuickTime movie for the Web or multimedia presentations.

Avid Cinema

Create professional-looking movies for Web sites, business presentations, or CD-ROM! No prior video-editing experience is required. Avid Cinema guides you through the movie-making process in just four easy steps!

Don't Be Fooled by Its Ease of Use
Avid Cinema is based on the industry-leading, high-end editing and effects technology used to create some of Hollywood's biggest movies, including Titanic.

- **Real-time editing and playback**
- **Real-time audio mixing and fading**
- **Integrated digitizing and editing**
- **Dozens of special effects included**

"Edit your Web movie clips with this excellent, easy-to-use video-editing software."
– Yahoo! Internet Life

- **Publish Video** to website from iMac or PowerMac G3
- **Add special effects,** music, animated titles
- **Output to CD-ROM file**
- **Send RealVideo** files via e-mail
- **Create quickly** with 25 helpful templates
- **Mix 3-track audio**

We're Your PDA Connection™!

Add FireWire Storage to Your Mac!

FireWire Hard Drives

The ideal SCSI alternative for your new Power Mac G3, FireWire Hard Drives combine storage sizes up to 14GB with hot-plug/unplug capabilities. These lightweight, completely transportable drives make it easy to back up your data or take large data files with you wherever you go. Thanks to the FireWire standard, they're easy to install, with auto-configuring capabilities and no device IDs or SCSI-style termination required. These drives are powered by the FireWire bus, so no external power supply is required.

Easily Accessible, Portable and Practical

Choose 6-Pack Zip Disks or 8-Pack CD-R!

Maxell ZIP Disk 6-Pack with FREE Bandit Case

Bridging the gap between desktop and portable storage, the Bandit case can be opened and placed on your desktop, then secured by the elastic strap for travel. And because your ZIP disks (CD-R also available) can be stored in their impact-resistant jewel cases, important data is better protected.

- **Accessible: Unique fanned design provides space between disks for easy viewing and removing**
- **Portable: Ready to go in an instant; simply secure with sturdy elastic strap!**
- **Practical: Keep your media in label-identified jewel cases**

Why Does UMAX Always Have the Best Scanned Images?

UMAX scanners employ Bit Enhancement Technology (BET), an exclusive algorithm written into the scanner hardware and driver, to both INCREASE the dynamic range and tonal curve of each scan, and DECREASE overall image noise. This results in better digital reproduction of your scanned images. Call today and discover the UMAX/BET scanning difference!

So Cool, It Fixes Images Automatically!

Nikon Super CoolScan 2000

That's right, image professional: Nikon's New CoolScan 2000 automatically eliminates most fingerprints, dust, water spots, tape, scratches and other surface imperfections without any additional effort on your part! Think of the endless, tedious hours that will save you!

Nikon ELECTRONIC IMAGING

Got a Mac Network?

ASANTÉ

Asanté Specializes in Multiplatform Networks

Asanté takes great care to design and tune its product line to the needs of Mac and PC workgroups — offering native support for AppleTalk and AppleShare operating systems, hot new products for connecting iMacs and more! Whether you run a small design shop or a fast-growing enterprise, choose Asanté for all your Macintosh and PC local area networking needs.

10/100 8-Port Switch only $199.95!

NEW! *Starting at $89.95!*

FriendlyNet 10/100 Hubs

These affordable, small-footprint hubs provide mixed workgroups with 10Mbps and 100Mbps connectivity on a port-by-port basis for greater network flexiblity and cost-effective migration to Fast Ethernet.

- **Nway auto-negotiation determines operation automatically.**
- **Plug-and-play installation and configuration.**
- **Limited lifetime warranty**

113898	FriendlyNet 10/100 FH205P Hub 5-Port	**$89.95**

Increase Network Efficiency and Speed with Server Software from Apple!

Mac OS X Server

Mac OS X Server is an industrial-strength server operating system that combines the strength of UNIX with the simplicity of the Mac. Built on core open technologies like Mach, BSD, and 100% pure Java, it delivers innovative services such as an Apache Web server, WebObjects network application services, and new NetBoot server software for easy management of numerous Mac systems.

New Features

- Friendly, graphical Mac OS interface
- Optimized for Power Mac G3 computers
- NetBoot for easy workgroup management
- Apache Web Server plus advanced tools to configure Apache's features
- Powerful, scalable file-serving capabilities
- QuickTime HTTP streaming for digital media broadcasting

AppleShare IP 6.2

AppleShare IP is a general-purpose server that includes a fully integrated set of services based on the familiar Mac OS 8.5 operating system. It delivers key services unique to AppleShare IP, such as mail servers, SMB support, and firewalls. Plus, it transfers data on Mac clients up to 3 times faster than Windows NT. Other features include remote server administration and cross-platform capabilities.

Advanced Features

- Improved file, print, mail and Web services for workgroups
- Remote administration via a Web browser
- Built-in firewall security
- Sherlock search technology for conducting content searches
- Support for up to 50 Web sites from one server
- Cross-platform compatibility for mixed-platform workgroups
- Full compatibility with Mac OS 8.5.1
- Support for IMAP, SMTP, POP, and APOP protocols

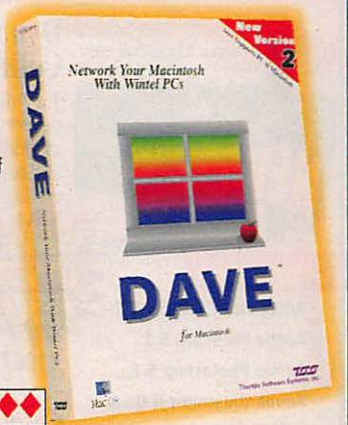
Fast, Affordable Cross-Platform Networking!

DAVE 2.1 from Thursby Software

DAVE is the first and only Mac Networking solution of its kind. This Mac-based software enables you to share files and printers with users of Windows NT, 95/98, and 3.11 using TCP/IP instead of AppleTalk. With the latest version, DAVE is bi-directional, which means PC users can now access your shared Macintosh files and PostScript printers through their Network Neighborhood.



Macworld, 4/98 ★★★★½ — 1998 Eddy Winner — MacWEEK ★★★★

All-in-One MP3 Player/Encoder!

SoundJam MP

Quickly convert music from CD, AIFF, QuickTime, and WAV formats into high-quality MP3s with SoundJam MP, the first full-featured, all-in-one MP3 player and encoder for Macintosh. SoundJam MP takes full advantage of the 10:1 compression of the MP3 format, enabling you to compress your music collection into a fraction of its size while maintaining near CD quality. With MP3 compression, you can put all your music into a jukebox collection on your Mac – and much more! Order online today at www.macconnection.com!

Organize Your Music

Use SoundJam MP to quickly and easily create customizable playlists and organize your music by artist, track, song, and music style.

Adjust Sound Quality

SoundJam MP includes a 10-band graphic equalizer that enables you to control the quality and tone of your music manually or by using preset music styles: Jazz, Rock, Classical, and more.

Listen to Music Over the Internet

SoundJam MP is the first all-in-one Mac Player and Encoder that enables you to play MP3 streams over the Internet, without waiting for downloads.

Change the Look of SoundJam MP

Change the appearance of your SoundJam MP player by choosing from a number of colorful "skins" and plug-ins that display cool visual effects.

119965 SoundJam MP **$49.95**
