They're Hot! Apple's® Super-Fun

Authorized Catalog Reseller

New!

Say hello to iBook®—the iMac™ to go, packed with power, and wrapped in a stunning notebook design!

Love at first sight!

With just a glance, you'll know you're in for something fun. Perhaps it's the translucent blueberry or tangerine housing that gives it away? Or perhaps it's the smooth, rounded edges that comfortably fit the curve of your hands? And did you notice the convenient hideaway carrying handle?

A beauty with brains!

While you'll love the way iBook looks, you'll soon be awed by the power that drives it. Turbocharged with a fast, 300MHz PowerPC G3 processor, plus a built-in 56K V.90 modem and a 10/100Base-T Ethernet port, the iBook is as Internet-ready as a notebook computer can be. And for multimedia, the iBook features a built-in 24X max. CD-ROM drive, plus an integrated ATI RAGE Mobility 2D/3D graphics card along with 4MB of dedicated video memory! And no matter what you're working with—text, graphics, or both—the iBook's 12.1" Active-Matrix display will have them looking their best!

The dawn of wireless networking!

One of the iBook's most astonishing features is its support for optional AirPort wireless networking! This breakthrough technology enables you to enjoy wireless Internet or Ethernet connection from anywhere in your home, office, or dorm room—at up to 150 feet away from the AirPort base! Why limit the fun to one room? Now you can connect to the Web from anywhere! The new Apple iBook works wherever you take it, and you can take it anywhere.

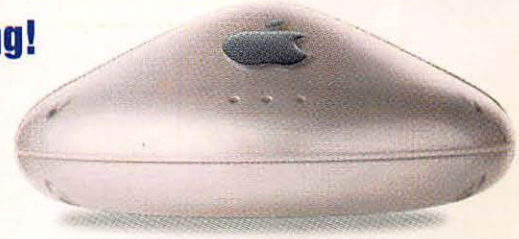
Order yours today!

Powerful networking—hold the wiring!

Enjoy the freedom of networking from virtually any place in your home, office, or dorm room!

Now you can experience wireless Internet surfing, on-line gaming, or office networking from up to 150 feet away and at speeds up to 11MB per second! You can even share a single Internet connection simultaneously with other iBook users!

Pop the AirPort card into its slot (right under your keyboard) and you're ready to transmit over the iBook's two built-in antennas, and the AirPort Base Station—complete with 56K modem—by connecting it to your phone jack or Ethernet cable! That's all there is to it! This is one AirPort that gets you where you want to be on time!



AirPort Base Station provides wireless access to the Internet for as many as 10 people!

AirPort Card for iBook **DEC3878**	**$99**
AirPort Base Station for iBook **DEB2555**	**$299**

It's Hot! The Super-Fast NEW

New! G4s STARTING AT **$1599!**

The Super-fast Power Mac G4 Supercomputers!

Move over, speed of light!

The next generation of Power Macs™ are here, built around the blazing new PowerPC™ G4 processor with Velocity Engine that will play multimedia and crunch data at lightning-fast speeds. It's the fastest machine ever designed to run graphics applications like Adobe Photoshop, InDesign and QuarkXPress. The Power Mac G4 rips through processor-intensive tasks like Gaussian blurs, lighting effects, rotations and color conversions. Blink, and you'll miss it!

- **PowerPC G4 processor cooks along at 400, 450, or 500MHz**
- **Super-fast 100MHz system bus and 1MB Backside Level 2 Cache running at half the processor speed**
- **64, 128, or 256MB PC100 SDRAM, expandable to 1.5GB**
- **10, 20, or 27MB Ultra ATA hard disk drive**
- **32x max. variable CD-ROM, DVD-ROM or DVD-RAM drives**
- **Built-in 10/100Base-T Ethernet and antenna for optional Apple AirPort** (on 450 and 500MHz models)
- **ATI RAGE 128 graphics card with 16MB of graphics memory installed in a 133MHz AGP 2X slot** (on 450 and 500MHz models)
- **Four expansion slots: three 64-bit PCI slots and one dedicated graphics card slot**
- **Up to three FireWire ports and two USB ports**
- **56K Modem** (on 400 and 450MHz models)
- **Zip Drive** (on 450 and 500MHz models)

The Gigaflop is Here!

The Power Mac G4 runs at over a gigaflop —a billion floating-point operations per second… and a full 100% to 200% faster running Photoshop than the fastest Pentium III-based PC*. You get a Supercomputer on a chip!

*Based on Apple internal tests

§Leases are only available to business customers with approved credit on product orders where at least one product totals $750 or more. Lease payments are based on a 48-month Fair Market Value Lease. Apple 21" ColorSync Studio Display
MON1043 ..... Lease It! for $43/mo.§ $1499

Apple Studio® Displays

Now clad in Graphite to match your New Power Mac G4!

The Apple 21" (19" viewable) Studio Display is the ideal choice for design professionals. Integrated ColorSync technology ensures precise color calibration. You can even exchange accurate color information with other devices to ensure color consistency.

The 17" (16" viewable) Studio Display has a Mitsubishi Diamondtron flat screen that delivers vivid colors while reducing glare. On screen controls enable you to quickly adjust your 17" Studio Display.

Apple 17" Studio Display
MON1044 ..... $499

Look inside for details on the new iBook!

Power Mac™ G4 Supercomputer!

More Speed than MHz Alone

The speed secret is in the processing— 128-bit chunks, instead of 64- or even 32-bit chunks. No wonder a G4 can perform many tasks at twice the speed of a Pentium III*— even when megahertz speeds look the same!

More Convenience

Tons of goodies are built in: Huge hard drives to hold all of your files. ATI RAGE 128 graphics card and a CD-ROM, DVD-ROM, or DVD-RAM drive to play all your multimedia at full throttle.

Two or three 400MBps FireWire ports connect you to as many as 63 blazing-fast peripherals, such as digital video cameras, hard disk drives, and multimedia drives. With the two USB ports, you can connect up to 127 peripherals. And when you've completed your projects, shooting those big files across the network is a snap, because every new Power Mac™ G4 comes with 10/100BASE-T Ethernet built in. And there's even a built-in antenna on most models, so you can install an Airport card and base station!

Buckle up, then order yours today!

*Based on Apple internal tests.

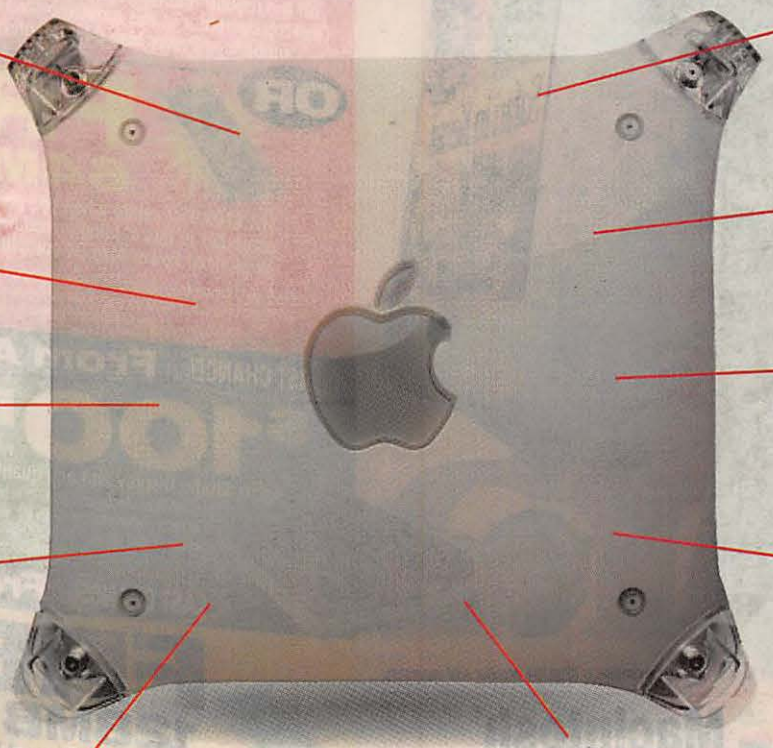
All the NEW Power Mac G4 features say "Speed!"

Supercomputer Processor!
400, 450, or 500MHz PowerPC G4 processor! It's so fast that the U.S. Government classifies it as a supercomputer, and restricts its export to certain countries

More Memory!
64, 128, or 256MB of PC100 SDRAM, expandable to an astronomical 1.5GB!

Powerful Graphics!
ATI Rage 128 graphics card with 16MB of graphics memory!

Super-Fine Resolution!
Support for up to 1,600 x 1,200 pixel resolution with millions of colors!



Ready to Network!
Built-in 10/100BASE-T Ethernet for fast LAN connections!

Maximum Storage!
10, 20, or 27GB Ultra ATA hard drives!

Non-stop Multimedia!
32x (max.) CD-ROM, DVD-ROM or DVD-RAM drives!

Pro Level Expandability!
Four expansion slots, including three 64-bit PCI slots and one dedicated graphics card slot!

Super-Fast!
100MHz system bus and 1MB Backside Level 2 Cache running at half the processor speed

Super-Hot Connectors!
Up to three FireWire ports to connect as many as 63 super-fast peripherals!

Ordering Information

Volume Licensing Programs! It's never been easier or more cost-effective to license your department, site or entire organization for software from these and other publishers: ***Apple, Adobe, Microsoft, Symantec, Corel, and Lotus.*** You can get upgrades, updates, bug fixes, technical support—and peace of mind— for all your licensed products! Call your MacWAREHOUSE Sales Representative 8:00 am-8:00 pm (E), for details.

Our Account Managers are ready to take your order on our toll-free lines Monday-Friday, 8:00am-8:00pm. MacWAREHOUSE has flexible purchasing procedures, which can be adapted to meet the requirements of your organization. We aim to provide you with the latest information about new products and new versions. Certain products are announced by the manufacturer and included in the catalog even though they are not shipping at press time. If an item is not yet available, we will do our best to give you the anticipated delivery date when you call to place an order. Anticipated delivery dates are based on information supplied to us by the manufacturer and are subject to change. If you choose to place an order, your credit card will not be charged until the item is shipped.

Corporate

U.S. Orders: 1-800-622-6222/Fax: 1-732-905-9279
International Orders: 1-732-370-4779/Fax: 1-732-905-1135
Internet: warehouse.com
Commercial Customer Service: 1-800-445-9677

Education/Government

U.S. Orders: 1-800-696-1727/Fax: 1-203-855-1386
Internet: warehouse.com/ed or warehouse.com/govt
Customer Service: 1-800-925-6227

Fax Orders. You may find the order form bound into this catalog helpful in preparing your fax order.

Upgrades/Trade-ups. Most upgrades require some form of proof of purchase, which varies by publisher and type of upgrade. Please call for details.

Rebates. Products eligible for mail-in rebates are often advertised at after-rebate prices; please add the rebate amount to determine the price you must pay initially. You can usually find rebate coupons on our website at www.warehouse.com/rebate/ or you may call us at 1-800-390-0706 to request one. **Customers only please.**

Payment Methods. Payment terms are available to qualified buyers. Orders are accepted upon credit approval. All payment must be made in U.S. dollars. We also accept the following major credit cards: Visa, MasterCard, Discover Card/NOVUS, AmEx. Your credit card will not be charged until each item is shipped (no surcharge). If you would rather order by mail using check or money order, please use the order form enclosed for your convenience. CT, NJ and OH residents add applicable sales tax. The price in effect when we receive your order will be the price that you are charged.

Important Note. Apple products are available for sale to individual and corporate customers only. They are not available for sale to any public or private non-profit educational institution.

Shipping Charges & Delivery. Overnight delivery for non-GSA orders is $9.95 per order up to 5 pounds. For all orders over 5 pounds, shipping is $8.95 plus an additional $1.75 per pound or fraction thereof. (Example: shipping for a 6 pound order is $11.70). Please add an additional $3.00 for orders $50.00 and under. UPS Ground service available. Orders for "in-stock" items placed on weekdays up until 12:00 midnight (E), 10:00 for Internet orders, ship same day for fast, dependable, overnight delivery (barring system failure, etc.). Some areas require an extra day. UPS orders for "in-stock" items placed by 3:00pm (E) (weekdays) ship same day. We anticipate being able to ship "out-of-stock" items within 30 days. We use Airborne Express, unless UPS Ground offers overnight delivery to your area. Saturday delivery available in most areas at no extra charge. If you require Saturday delivery, please specify that during the ordering process. All U.S. shipments are insured at no extra charge. C.O.D. orders are shipped UPS Ground, or UPS Blue Label if you are more than two days delivery from us. C.O.D. charge is $10.00 plus current UPS rates. C.O.D. payments must be by certified check. Alaska, Hawaii, foreign, and APO-FPO customers please ask for shipping details. Certain products are not exportable outside of the U.S.

8 Hour Emergency Delivery. Availability of same day or 8-hour emergency delivery service depends upon time of order placement and delivery destination. Same day delivery only available for in-stock orders with approved credit. Please call your account rep to see if same day service is available in your area and to obtain estimated delivery times and charges. **Please note that all delivery times are estimates only and are subject to on-time arrivals by commercial flights and other conditions beyond our control.**

GSA Orders. Shipping via UPS Ground is free for all GSA orders (FOB destination). Overnight/2-day shipping on "in-stock" items via Airborne Express: The charge is $7.00 for the first 10 pounds. For all orders over 10 pounds, shipping is $7.00 plus an additional $1.00 per pound or fraction thereof. See GSA Schedule for more information.

DISCLAIMERS. Other than our 30-day Guarantee Against Defects, Micro Warehouse, Inc. makes no warranty, either express or implied, including without limitation, any warranty of merchantability or fitness for a particular purpose. This disclaimer in no way alters the terms of any manufacturer's warranty that comes with the products purchased from us. Micro Warehouse shall have no liability to you or any third party for special, incidental, indirect, exemplary or consequential damages or any other economic hardship arising out of the use of or inability to use the products, and in all cases our liability is limited strictly to replacement, or repair or the value of the products purchased. State laws vary and certain parts of this disclaimer may not apply to you.

Micro Warehouse is not responsible for typographical or photographic errors that may appear in this catalog. We reserve the right to make adjustments or corrections due to errors, changing market conditions, product discontinuations or typographical or photographic errors in advertisements or product descriptions. Policies, item availability and prices are subject to change without notice. We reserve the right to limit quantities on certain items. Monitors are not included with computer systems unless specified. Please remember to back up all your data before installing any new hardware, software or peripherals; we are not responsible for any lost data.

Year 2000 compliancy. Micro Warehouse makes no representations or warranties of any kind and assumes no liability concerning whether any of the products or services sold by us are Year 2000 Compliant. Year 2000 representations and warranties may be supplied directly to our customers by the manufacturers or publishers of certain products.

IMATION

30-DAY Guarantee Against Defects

All items we sell come with the MacWAREHOUSE 30-day Guarantee Against Defects. If your product is defective in any way, all you have to do is call our Customer Service Department for a Return Merchandise Authorization (RMA) number within 30 days of the original invoice date. Defective software will be replaced upon receipt of the defective product. Defective hardware will be replaced or repaired at our discretion, except for products from Apple (1-800-SOS-APPL, 1-800-767-2775), or Tektronix (1-800-835-6100). These manufacturers must be contacted directly, and will repair or replace products at their sole discretion. Should you return hardware to MacWAREHOUSE from Apple or Tektronix, you will be assessed a 15% restocking fee which will be charged to your account. All returns are subject to the following: 1. All products must be returned in original packaging. 2. Shipping and handling charges are not refundable. 3. Software and consumables are not refundable unless returned unopened in original packaging with documentation. 4. Custom orders and cables are not refundable. 5. Products designated as "all sales final," "no returns," or similar language may not be returned. In order to speed repair or replacement of certain products, we have made special arrangements for our customers to deal directly with the manufacturer. These products will be identified when you call to get your RMA number.

If your Apple hardware is defective you must call Apple Computer, Inc. directly at 1-800-SOS-APPL (1-800-767-2775). Apple Computer, Inc. will repair or replace products at its sole discretion. If you do return Apple hardware to us, you will be assessed a 15% restocking fee which will be charged to your account.

Extended On-Site Support*

Here are six great reasons to get complete system coverage:

1. Toll-Free Technical Help
2. Fast On-Site Support with next business day response in most areas for most items!
3. Free Replacement if unit cannot be repaired!*
4. No Deductible — 100% coverage on parts and labor!
5. 24-, 36-, and 48-Month Coverage available from date of purchase!
6. Fully Insured — Program underwritten by an "A-Excellent" rated insurer

Service you can depend on!
Support and repairs administered by NWC which has been providing superior, price-competitive programs for over 20 years!

Consult the chart below to see which warranty best fits your needs:

Cost of Computer and/or Peripherals	Warranty Price (48 months)	Ask for Item #
$701 - $1,200	$219	WAR0001
$1,201 - $2,000	$269	WAR0002
$2,001 - $3,000	$309	WAR0003

Call your Account Manager for details on orders over $3,000.

Call your customer service representative to get extended support for just pennies a day!

*Note: This promotion, itself, is not a Service Agreement, but an outline of coverage administered by National Warranty Corporation. Please call Micro Warehouse, Inc. for information and read the complete Service Agreement from NWC for exact coverages, terms, and conditions. On-site Support begins after the manufacturer's warranty expires. Plan not available on international or Florida orders. All returns not covered under the standard MicroWAREHOUSE return policy are subject to a $25 return fee assessment.

Micro Warehouse Finance Business Leasing Available!

ONLY $750
Item #CPU1000
Leases!! for only $23/mo!

Look for this symbol!

Ask about business leasing options when you place your order.

Leases are available to business customers with approved credit on product orders where at least one product totals $750 or more. Payments are based on a 48-month Fair Market Value Lease. Leasing terms subject to change without notice. Call for complete details.

Why Lease?

You don't need a down payment. You can finance your entire system — from hardware to software to warranty!

Your monthly payment can be as low as $23 per month!

As your business grows or technology changes, you can add equipment to your lease, or trade up to an entirely new system!

Blazing Fast Apple

ONLY $3499
Item # CPU1360
LeaseIt! for only $102/mo!§

Nearly 2 lbs. Lighter! Almost 20% Thinner!

The fastest Apple® PowerBook® G3s ever are here!

When we say faster, we mean faster! These Apple PowerBook G3s—soaring at speeds up to 400MHz—run up to twice as fast as comparable Pentium® and Pentium II processor-based notebooks, based on BYTEmark integer index processor scores. What's more, these Apple PowerBook G3s are now almost 20% thinner and nearly 2 pounds lighter than their predecessors!

These portables truly pack a powerful punch. With as much as 6 gigabytes of hard disk capacity, built-in 10/100Base-T Ethernet connectors, and support for connecting high-speed USB peripherals, these Apple PowerBook G3s are truly your all-in-one answer to your storage and performance needs!

DVD drive, advanced multimedia, and fast communications!

Want to enjoy your favorite movies—even while traveling? With your new Apple PowerBook G3, you can. You can have either the latest DVD technology to play your DVD movies, or a powerful 24X max. variable CD-ROM for fast, smooth playback of multimedia disks and games. Your text and graphics will look their best on the built-in 14.1" high-resolution color display. And now with built-in dual-display capabilities, you can add an external monitor and expand your workspace! In addition, these notebooks can provide up to 10 hours of battery life when an optional second battery is used.

When it's time to tap into the company intranet or surf the Internet, the Apple PowerBook G3's internal 56K modem will get you where you want fast! Order yours today, and discover true desktop performance in a notebook computer!

Get Ready for

Coming Soon!

Mac OS 9! Call and reserve your copy today!

Estimated publisher ship date: October 1999.

Get ready to unleash your Mac's potential with the greatest Mac OS yet — Mac OS 9.

For more info go to http://www.warehouse.com/macos9

Upgrade your Mac for even more Internet Power.

Enjoy extended Internet search capabilities and support for multiple users with the greatest Mac OS yet!

Mac OS 9 is a great upgrade for anyone on the Internet, or anyone who wants to be! It features new support for multiple users and over 50 new features that will help you make the most of your Macintosh computer!

Plus, Mac OS 9 features Sherlock 2, your Internet detective and personal shopper!

Sherlock 2 is a powerful and fun way to find almost any information on the Internet. You can find people, the latest news, and even shop online. Plus, it enables you to perform a "sort" using relevance rankings so you can zero in on exactly the information you're looking for.

Mac OS 9 also has Voiceprint Login — Now your voice can be your password!

The VoicePrint Login enables you to share your computer with your family and friends while saving all of your personal Internet settings such as e-mail, home page, and favorites, along with all of your desktop and applications preferences too! You can also encrypt files and securely send them across the Internet.

Final Cut Pro

Makes your Power Mac into a personal video workstation!

Create your personal video workstation! New Final Cut Pro software from Apple combines professional editing, compositing, and special effects capabilities into one flexible, productive and affordable program! Using the new DV and FireWire standards, it transforms your Power Mac G3 into a personal video workstation – ideal for professionals in video, marketing communications, graphic design, multimedia, and Web creation alike!

GRA2900 ..... **$999.99**

QuickTime VR Authoring Studio

Create panoramic, virtual-reality scenes with ease!

QuickTime VR Authoring Studio software helps you create interactive virtual-reality scenes with point-and-click simplicity. It turns photos and computer renderings into dramatic 360° views. What's more, it can help manage your source files — images, movies, hot-spot tracks, etc.

Requires: PowerPC processor; 16MB RAM; 20MB hard disk space; System 7.5 or later; monitor that supports thousands of colors; video input (for object movies); CD-ROM drive.

GRA2371 ..... **$399.95**

AppleWorks 5

AppleWorks 5 is word processing, graphics, spreadsheet, database, and Internet

All in one powerful, easy-to-use program. AppleWorks 5 has an extensive set of translators that enable you to read and write files from other popular software programs. New features include bookmarks for creating tables of contents, an equation editor, helpful page layout guides, larger text fields, movies in the database, and texture plates for drawing.

AppleWorks 5.0 (Upgrade) UPG0978 ..... **$49.95**

BUS1229 (Full version) **$89.95**

Mac OS 9!

ONLY $89.95! after rebate

More than 50 NEW Features! Here's the best of the best:

- **NEW! Sherlock 2 —** Your Internet detective, and personal shopper. Sherlock 2 is the most powerful and fun way to find any information on the Internet, and now you can find people, the latest news, and even do all your online shopping faster and easier than ever, and all with a simple new interface. The flexible channels of Sherlock 2 show you exactly the information you need depending on what you're looking for. When you're shopping you see how much it is going to cost and how quickly you can get it. Of course Sherlock 2 automatically keeps its channels up-to-date so you always have access to all the best search sites and products on the Internet.

- **NEW! Voiceprint — Your voice is your password —** With Voiceprint Login, you can share your computer with your family or classmates and your window to the Internet is always ready, even if someone else has been using your computer. OS 9 remembers all of your Internet settings like e-mail, home page, and favorites, as well as all your desktop and application preferences too. OS 9 also protects all your important information and lets you encrypt files to send them across the Internet securely. And your password or even your voiceprint, unlocks your private Keychain, which gives you access to all your e-mail, web, and file server accounts so you never have to type another password.

Sherlock 2 speeds your searching and shopping!

Your Mac can support multiple users — each with password security!

Plus, many more great new features!

Voice print login

Mac OS X Server

Manage your Macintosh network!

The new Mac OS X Server operating system combines the strength of UNIX with the simplicity of Macintosh to make it easy to deliver Web and digital media content over the Internet. Built on the high-performance Mach microkernel and BSD 4.4 technology, it includes the Apache HTTP Web server and WebObjects applications server. Mac OS X Server uses multitasking to run multiple services and perform multiple operations at the same time. It also features the NetBoot service which makes managing a network as easy as managing a single computer!

Requires: Power Mac G3 or Mac G3 server computer; 64MB RAM; 1GB hard disk space; CD-ROM drive.

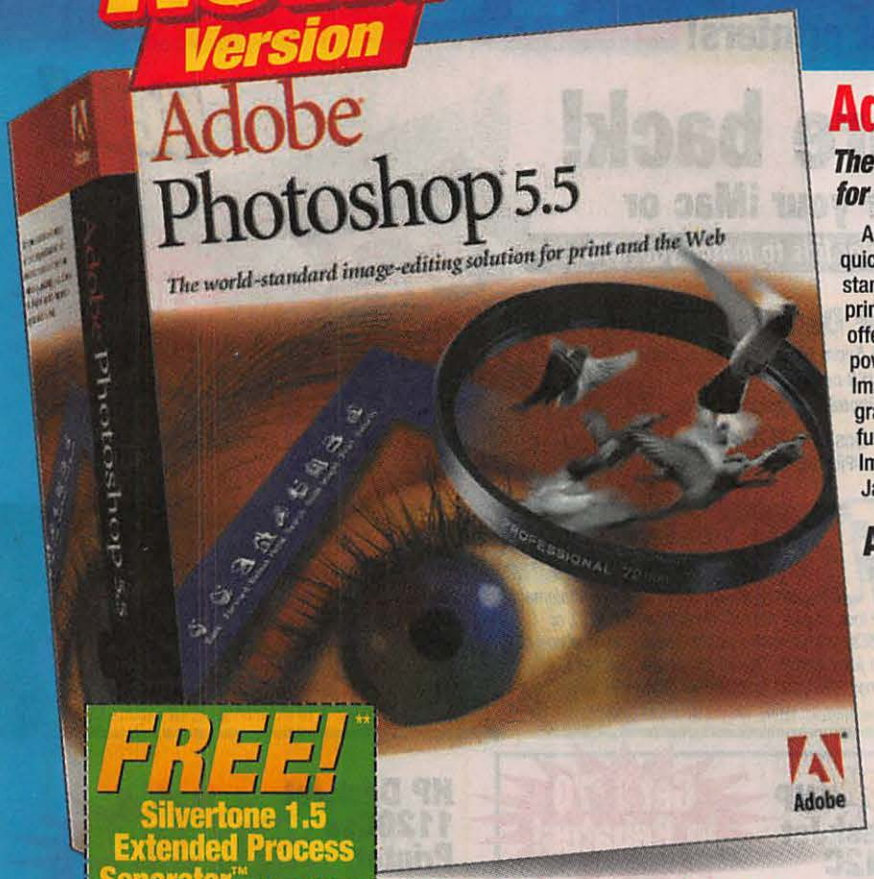
New! Version Photoshop 5.5



Adobe Photoshop 5.5

The world-standard image-editing solution for print and the Web!

Includes NEW ImageReady 2.0 for advanced Web graphics!

Adobe Photoshop software has quickly become the industry standard in image editing for both print and the Web. This latest version offers you new creative tools and powerful Web features, including new Adobe ImageReady™ 2.0 for advanced processing of Web graphics! Now you can complete all of your essential Web functions right in Photoshop 5.5, then jump to ImageReady 2.0 to slice layered images, produce JavaScript rollovers, and create GIF animations!

Adobe Photoshop 5.5 NEW features!

★ **Update HTML command** Automatically replace the HTML code for a sliced image when you edit the original image!

★ **Powerful JavaScript rollover effects** Create stunning effects without typing a single line of JavaScript code. Simply make a specific area of an image change when you click on, press down on, or roll over that area with your mouse!

★ **Multiple Live Previews** Compare the original version of an image with optimized versions on-screen, and then fine-tune the compression settings to achieve the exact balance of quality and file size you desire!

★ **Layer effects** Quickly apply drop shadows, bevels, inner and outer glows, and other "live" effects to layers. New layer effects include solid-color fill and pattern/gradient fills

★ **Art History brush** Paint stylized strokes on an image, just like brushing paint onto a canvas!

★ **Advanced eraser tools** Erase sections of a layer, creating transparency, with Magic Eraser. Drag your mouse across an image to dynamically erase pixels on a layer with Background Eraser!

★ **Instant Web page contact sheets** Create contact sheets automatically to streamline how you present and share images!

★ **Lossy GIF feature** Maintain image quality while compressing GIFs by up to 50% more than before!

★ **Web-safe colors** Ensure that the colors you want can be displayed by today's popular Web browsers!

FREE! Silvertone 1.5 Extended Process Separator™** *by Intense Software.* with purchase of Adobe Photoshop 5.5. Ask for item #AAA1020.

A $249 value!† HURRY. While supplies last!

This Adobe Photoshop plug-in enables you to produce high-quality, 5-color separations by combining silver with CMYK at its own unique screen angle.

**$3.95 shipping and handling. Shipped in promotional packaging on CD-ROM.
†Value based on MacWAREHOUSE pricing as of this catalog printing.

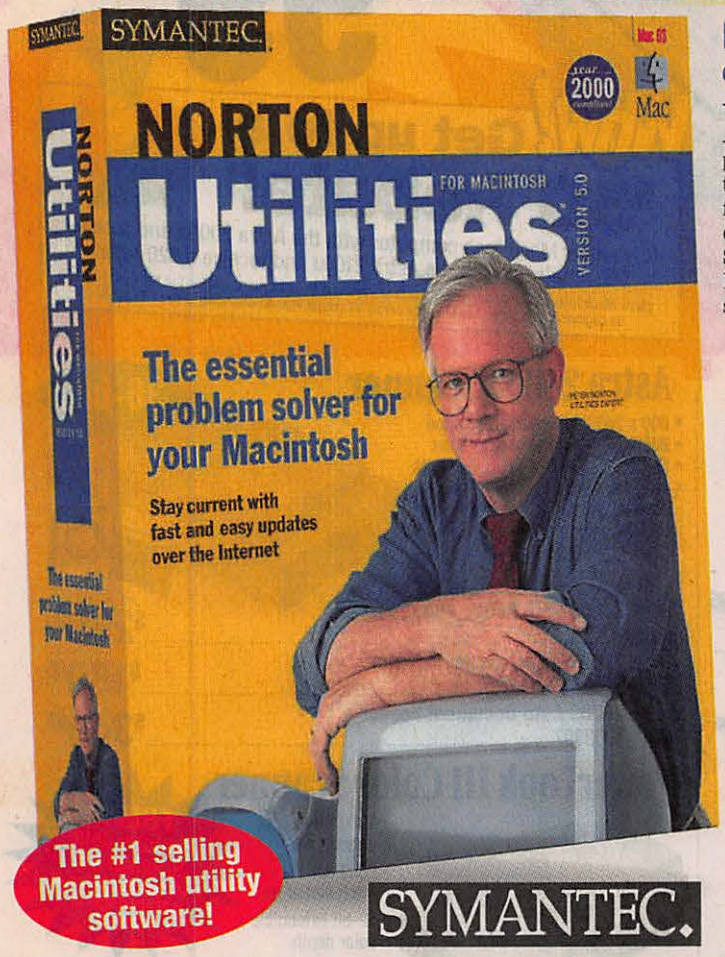
Norton Utilities 5.0!

New Version!

Upgrade only $49.95!* after rebate



Norton Utilities 5.0 software is the essential problem solver for your Mac!

Norton Utilities 5.0 provides a safe way to quickly repair disk problems and recover lost files. With the new Live Repair feature, you can fix disk problems from the boot volume, providing you with improved flexibility over the bootable CD. And combined with the UnErase™ and Volume Recover features, you can recover accidentally erased files or resurrect crashed or damaged disks. Best of all, Norton Utilities 5.0 is easy to use, and with Symantec's exclusive LiveUpdate feature, you can keep it up to date over the Internet! It fully integrates with Norton AntiVirus for Mac, so now you can solve your most crucial Macintosh problems using a single interface!

Find out for yourself why Norton Utilities is the #1 selling Macintosh utility software!

New and Improved Features in Norton Utilities 5.0 for Mac:

- **NEW! "Live" Disk Repair**—repair problems on all your disks without rebooting or launching from Norton Utilities bootable CD!
- **NEW! LiveUpdate**—easily download product updates, scheduled or on the fly, from Symantec's Web site!
- **NEW! Integration with Norton AntiVirus**—solve Mac problems using a single interface!
- **NEW! Undo Repairs**—quickly restore your disk to its original state should an unusual occurrence take place during disk repair!
- **IMPROVED! Norton Speed Disk**—optimizes your hard disk's directory structure to boost system performance!

Norton Utilities 5.0 Full Version
UTI1546 ..... $99.95

Price after publisher's $50 mail-in upgrade/crossgrade rebate $49.95*

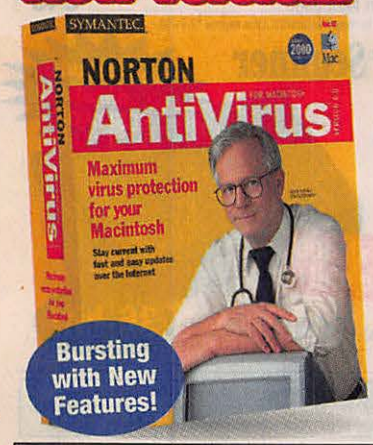
New Version!

Norton AntiVirus 6.0

Upgrade only $24.95!** after rebate



The #1 Virus Protection for Macintosh!†

- **NEW! Virus Activity History**—examine the history of virus activity on your Mac!
- **NEW! AppleGuide Help**—an easy-to-access guide to help you find answers!
- **IMPROVED!** Faster, more thorough scanning!
- **IMPROVED! Enhanced LiveUpdate**—downloads virus definitions and product updates faster!
- **IMPROVED!** Integration with Norton Utilities 5.0—manage all your utility and anti-virus needs from a common interface!
- **SafeZone**—a "quarantined" area on your hard drives where downloaded or copied files are scanned before being opened!
- **Bloodhound Technology**—works in the background to keep your Mac virus-free!
- **Industry-leading Support**—count on the team at the Symantec AntiVirus Research Center (SARC) to continuously identify and neutralize viruses before they harm your system!

Norton AntiVirus 6.0

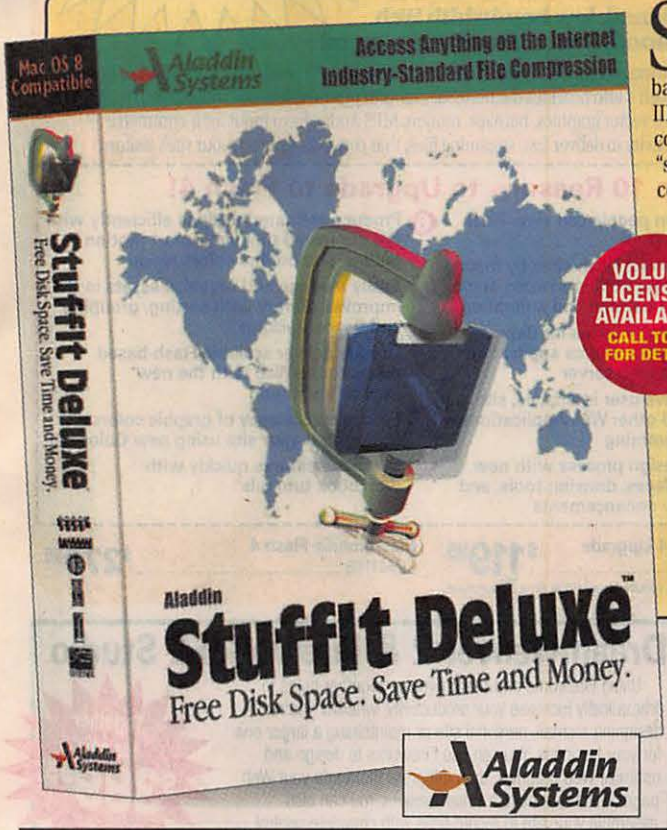
The #1 selling compression program for the Mac now supports OS 8.5!

StuffIt Deluxe 5.0

Upgrade only $49.95!



VOLUME LICENSING AVAILABLE! CALL TODAY FOR DETAILS

StuffIt Deluxe 5.0 for System 8.5 offers up to 20% better compression than previous versions! Make files smaller for faster Internet transfer and more bandwidth, and save more hard drive space. StuffIt Deluxe 5.0 supports MacBinary III, so when you upgrade to Mac OS 8.5, you'll want StuffIt 5.0 for file transfer compatibility. StuffIt Deluxe 5.0 also adds more e-mail extension support — the "stuff and mail" feature supports Outlook Express, Mailsmith, Eudora, AOL, cc:Mail, and Claris.

- ✓ **Better compression sends files faster over the Internet!**
- ✓ **Mac OS 8.5 and backward compatible!**
- ✓ **Access Mac, Windows, and UNIX files!**
- ✓ **BinHex and MacBinary encoding from the Finder!**
- ✓ **Drag-and-drop compression and expansion!**
- ✓ **Works with all e-mail programs!**

Requires: 8MB RAM; System 7.5.3 or later.

Add unlimited "undos" to all your software!

FlashBack

- ✓ **Instant access to previous versions even after you have closed out of a program or shut down your computer!**
- ✓ **Recover damaged, corrupted, trashed, or even overwritten files!**
- ✓ **Works with graphics, word processing, spreadsheets, databases, and more!**

FlashBack brings the power of "unlimited undos" to any application. You get instant access to previously saved versions of any document. By using FlashBack you can now create, edit, and save documents without the fear of losing or overwriting your work, because FlashBack even recovers your files after hitting the "save" key. Recover files and correct mistakes, no matter how long ago the ill-fated change was made. FlashBack recreates your work from Photoshop, Word, FileMaker, Excel, ClarisWorks, Quark, and all your other applications too!

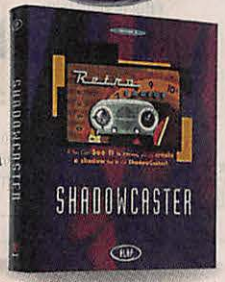
ALL YOUR DESKTOP PUBLISHING NEEDS!

Create real, soft shadows right in QuarkXPress!

ShadowCaster



ShadowCaster software gives you a one-step way to create real soft-shadows on text and graphics while in QuarkXPress! You no longer need to switch between your image editing program and QuarkXPress, or take-on complex multi-step procedures just to create a shadow. Shadows are high-resolution TIFF files which are created from selected text and/or picture boxes in your QuarkXPress layout, and can be silhouetted, outlined, or ghosted. You can even combine Shadows into the underlying CMYK or RGB images, without ever leaving QuarkXPress!

Genuine Fractals

Genuine Fractals is a software-based file format plug-in for Adobe® Photoshop. It enables you to work in low- to medium-resolution original image files, save the image as a lossless or visually lossless scalable file, and then open the image to the desired size or resolution for printing while preserving original image quality.

Two versions of Genuine Fractals are available. Genuine Fractals PrintPro works in CMYK, CIE-Lab, RGB, grayscale, multichannel, duotone, and indexed color modes to produce 4/C process and large format output. Genuine Fractals 2.0 software has all the same functionality as the PrintPro version, but without support for CMYK and CIE-Lab color. Also supports Adobe PhotoDeluxe, Corel Photo-Paint 9, and Jasc PaintShop Pro 5.03.

FLIGHTCHECK® 3.5

FLIGHTCHECK® 3.5 software is the revolutionary, stand-alone application that scans your creative documents to warn you of more than 150 potential printing problems — easily and automatically! With a simple drag and drop approach, it is fully compatible with documents created in QuarkXPress, PageMaker, Illustrator, FreeHand, Photoshop, Multi-Ad Creator, PDF, and FrameMaker.

FLIGHTCHECK® 3.5 can actually scan your native document file — even without the application that created it. It verifies that all items are present, accounted for, properly formatted for printing, and available for collection.

Font Reserve 2 includes a QuarkXTension which automatically opens fonts required by a Quark document (including embedded graphics), and collects fonts used in a Quark job. Also includes 40 high-quality Bitstream fonts.

Font Reserve Features:

- Organizes all of your fonts by type, foundry, family, and version
- Checks fonts for corruption
- Automatically finds, matches, and tracks screen and printer font pairs
- Automatically categorizes fonts by style, such as serif, script, ornamental, etc.
- Enables you to open and close fonts on-the-fly — temporarily or permanently

Watch your home designs come to life!

Design Your Own Home® 3D WalkAround™

This state-of-the-art home planning and design software program brings your building and remodeling ideas to life! Raise walls, put up wallpaper, lay carpet, place furniture and appliances, and see it all happen in 3-D — just as if you were in the room!

3D Walkaround gives you the ability to display both two- and three-dimensional views simultaneously. Once you've designed your new space, walk through your creation in a "real time" speed of up to 15 frames per second. View each room from every angle, making sure that living areas are comfortably spaced.

Abracadata™

The pop-up texture viewer makes it fast and easy to apply hundreds of textures to over a thousand different 3-D furniture and appliance objects. In addition, this user-friendly program has a unique wall tool, a stud tool for accurate stud placement, and multiple layers for creating plumbing and electrical schematics.

Requires: 68040 processor or faster with FPU; 8MB RAM; 30–50MB hard drive space; System 7.1 or later; CD-ROM drive.

VectorWorks/RenderWorks

VectorWorks has everything you need for 2-D drafting, 3-D solid modeling, and automatic materials take-offs.

VectorWorks object technology streamlines the design process by making it easy to create and edit common design elements such as doors, windows, nuts, and bolts. In addition to designing with basic CAD geometry, you can "build" your project with hundreds of "intelligent" 2-D/3-D objects included for such industries as architecture, engineering, DTM, theater, and landscape design.

RenderWorks is a plug-in which enables you to create photorealistic renderings right in VectorWorks. Applying texture, adding dramatic lighting, and shadow effects has never been easier in a CAD program.

WebSTAR Server Suite 4.0

WebSTAR Server Suite 4.0 is a complete set of powerful and easy-to-use Internet servers for your Mac. It includes high-performance Web, FTP, mail, and proxy servers; secure IP-based remote administration; integrated SSL encryption for e-commerce transactions; and Lasso-based publishing of FileMaker Pro databases and ODBC data sources. WebSTAR Mail provides POP, IMAP, and Web-based e-mail access from almost any platform. Plus, the WebSTAR Proxy accelerates Internet access by locally caching frequently visited sites, reducing bandwidth demands, and increasing network security.

WebSTAR Server Suite 4.0 also features advanced Web services, including Virtual Host support for serving multiple Web sites, Server-Side-Includes for dynamic content, and support for plug-ins, Java Servlets, and Web objects. Its unified WebSTAR Admin application provides encrypted control over the entire server suite from any Mac via TCP/IP, and includes monitor windows for Web, Mail, FTP, and Proxy. Web-based administration is also included.

Now you can effortlessly serve web pages, host e-mail accounts, publish databases, and share files — all with the same software!

Requires: PowerPC processor; Mac OS 8.0 or later; Open Transport 1.3 or above; 10MB of available RAM; 50MB of available hard drive space; Internet or LAN connection.

Publisher: STARNINE

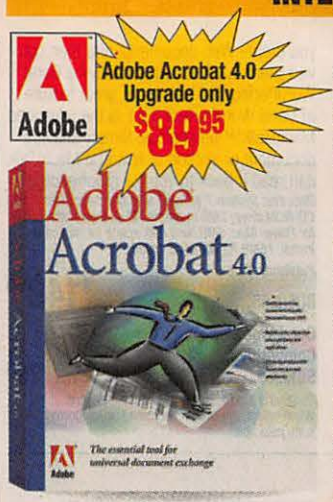
- **Lasso-based publishing of FileMaker Pro databases and ODBC data sources**



Turn any document into a PDF format that can be read and printed from any computer!

Adobe Acrobat 4.0

Adobe® Acrobat® 4.0 is an essential software-based tool for universal document exchange, regardless of the industry you work in. With it, you can easily convert any document to Portable Document Format (PDF), while still faithfully preserving fonts, colors, images, layouts, and all original formats! Plus, you can scan and convert paper documents to PDF, and even create PDF forms that employees or customers can fill out and return on-line!

Adobe Acrobat 4.0 users can mark up PDF files using electronic notes, underlining, strike-through, and pencil tools. And if document security is an issue, password protection is also featured.

You can distribute PDF files anywhere — in print, attached to e-mails, or even posted on your Web site. With free Acrobat Reader software, recipients can reliably view, navigate, and print PDF files from any computer, no matter what system, applications, or fonts they have installed. Adobe Acrobat 4.0 helps you work more productively than ever before!

EndNote 3.0

More than 200,000 researchers, students, and librarians use EndNote 3.0 software to search online bibliographic databases, organize their references, and create bibliographies instantly and automatically—and now you can, too! Instead of spending hours typing bibliographies, or using index cards to organize your references, you can do it the easy way with EndNote 3.0!

EndNote 3.0 includes more than 100 connection files to seamlessly access remote bibliographic databases, such as MEDLINE, the Library of Congress, and university library catalogs. With just the click of your mouse, the results of your search are transferred directly into your EndNote database. You can then create one-step bibliographies within Microsoft Word and WordPerfect.

EndNote also includes more than 300 bibliographic formats, or styles, for a variety of academic disciplines and journals. You can use any of these styles—or create your own—to format the in-text citations and reference lists in your manuscripts, term papers, and articles. You can even link references to the full-text article when available on the World Wide Web!

Features:

- **Access more than 100 remote bibliographic databases, including MEDLINE, the Library of Congress, and university library catalogs**
- **Link your references to full-text articles or other material on the World Wide Web**
- **Quickly and easily search any field and perform Boolean searches**
- **Create annotated bibliographies**

1998 Eddy WINNER — Macworld 8/99 — C&G CASADY & GREENE

Conflict Catcher 8

Conflict Catcher 8 is Casady & Greene's newest version of the powerful software for startup file management and conflict identification. It enables you to pinpoint the cause of your crash, frozen screen, printer problem, or any other error that disrupts your productivity. Conflict Catcher 8 is fully compatible with your Mac OS 8 operating system. New PowerUser features include the ability to scan for damaged files and folders, including preferences. The Startup menu enables you to select the drive and system folder you want to boot from. Other new features include contextual menu support for files, sets, and links.

Publisher: Casady & Greene

UTI1382 ..... $79.95

Spell Catcher 8

Spell Catcher 8 can help you produce beautifully written documents — great for business use, students, home computer use, and writers! Spell Catcher 8 works in all your text programs, including e-mail, word processing, database, spreadsheet, and more! While you switch back and forth between programs, Spell Catcher switches right along with you. New features include eight languages for spell checking and also includes an English dictionary and thesaurus. Now all your preferences, personalized dictionaries, and supplemental dictionaries will apply universally to every text program you use.

Includes more than 50 new features!

Mac OS 9

Mac OS 9 is a great upgrade for anyone on the Internet, or anyone who wants to be! It features new support for multiple users and over 50 new features that will help you make the most of your Macintosh computer! Plus, Mac OS 9 features Sherlock 2, your Internet detective and personal shopper! Sherlock 2 is a powerful and fun way to find almost any information on the Internet. You can find people, the latest news, and even shop online. Plus, it enables you to perform a "sort" using relevance rankings so you can zero in on exactly the information you're looking for. Mac OS 9 also has Voiceprint Login — Now your voice can be your password! The VoicePrint Login enables you to share your computer with your family and friends while saving all of your personal Internet settings such as e-mail, home page, and favorites, along with all of your desktop and applications preferences too! You can also encrypt files and securely send them across the Internet.

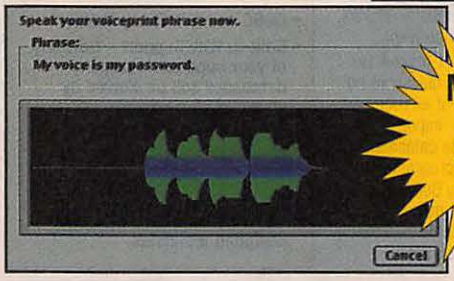
SYS1012 ..... After $10 rebate: $89.95*

Mac OS 9 10-user
SYS1013 ..... $899.95

***Price AFTER MacWAREHOUSE $10 mail-in rebate.** Limit one rebate per customer (or total of 5 rebates per customer site.) Rebate coupon is available at www.warehouse/rebate/applesoftware or call us at 1-800-390-0706 to request one. Not to be combined with any other rebate. Rebate expires 1/31/2000.*

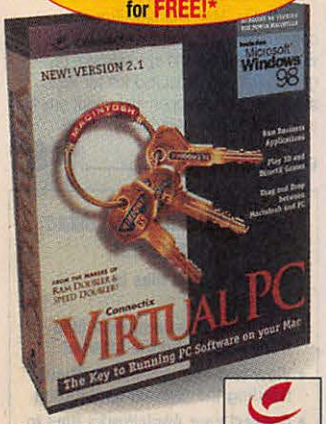
More than 50 New features including:

- **Sherlock 2 - Your Internet detective, and personal shopper.** Sherlock 2 is the most powerful and fun way to find any information on the Internet, and now you can find people, the latest news, and even do all your online shopping faster and easier than ever, and all with a simple new interface. The flexible channels of Sherlock 2 show you exactly the information you need depending on what you're looking for. When you're shopping you see how much it is going to cost and how quickly you can get it. Of course Sherlock 2 automatically keeps its channels up-to-date so you always have access to all the best search sites and products on the Internet.
- **Voiceprint - Your voice is your password.** With Voiceprint Login, you can share your computer with your family or classmates and your window to the Internet is always ready, even if someone else has been using your computer. Sonata remembers all of your Internet settings like e-mail, home page, and favorites, as well as all your desktop and application preferences too. Sonata also protects all your important information and lets you encrypt files to send them across the Internet securely. And your password or even your voiceprint, unlocks your private Keychain, which gives you access to all your e-mail, web, and file server accounts so you never have to type another password.



Mac OS 9 only $89.95! after rebate

Buy Virtual PC 2.1 now and upgrade to Virtual PC 3.0 for FREE!*



Virtual PC 2.1

With Connectix Virtual PC 2.1, you can finally run thousands of PC-based programs on your own Macintosh computer — business, Internet, entertainment titles — anything! Best of all — there is no special hardware required or any intricate configurations to make. It installs in minutes, just like ordinary Macintosh software!

Virtual PC 2.1 offers you true cross-platform integration. You can enjoy the ultra-convenience of dragging and dropping files between Mac and Windows desktops, or easily cut and paste text and graphics between Mac and PC applications. Plus, you can share Mac folders, keep your long file names and break free from platform barriers!

Requires: System 7.5.5 or later; PowerPC at 180MHz or faster; 24MB RAM; 150MB HD; and CD-ROM; for Windows 95 version, PowerPC 100MHz or faster; 20MB RAM, 130HD, CD-ROM for DOS; for Windows 98 version: System 8.0 or later; G3 processor; 48MB RAM; 280MB hard drive.

Upgrading your memory is the most cost-effective way to increase the performance of your system!

Get More RAM for More Power!

MacWAREHOUSE sells only HIGH QUALITY MEMORY MODULES FROM TOP MANUFACTURERS!

So you can surf the Internet faster!
So you can run more applications at the same time!
So you can get smoother multimedia and video playback!

NEW! PC100 Memory for the New Power Mac G3s!

PC100 SDRAM is here!

You can get more power out of your 100MHz Bus speed Power Mac G3 with PC100 SDRAM (Synchronous Dynamic Random Access Memory), the fastest memory you can buy for the Power Mac G3 series. MacWAREHOUSE now carries SDRAM from 32MB to 256MB!

How to determine your memory needs:

1. Find out how much memory you have by looking under the Apple menu in "about this machine."
2. To find out the type of memory you need, check your owner's manual for your memory requirements.
3. If you're unsure about how much memory you have or what type of memory you need, call us and we'll be glad to help you determine your requirements. You can also get quick, accurate information on our Web site at **warehouse.com/memory/**. Click on the EZ Memory Configurator, or see the Memory Upgrades chart that follows this page.

MICROMAT COMPUTER SYSTEMS, INC.

TechTool Pro 2.5 now optimizes drives and is OS 8.6 compatible

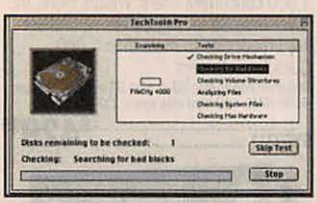
TechTool Pro 2.5

Besides repairing and recovering damaged drives (including those with the new HFS+ format), you can also test all those other critical parts of your system that other utility programs overlook, such as RAM, CPU, floppy drives, scanners, modems, Internet connections, CD-ROM drives and much, much more.

But just because TechTool Pro 2.5 is one of the most advanced Macintosh trouble-shooting utilities available doesn't mean that it's difficult to use. There is now a new, easy-to-use interface that makes checking and fixing your Macintosh a snap. For the advanced user, the programs expert mode allows you to control and configure TechTool Pro in almost any way you wish.

Publisher: MicroMat

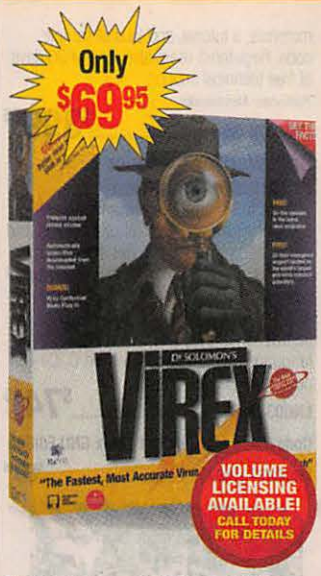
UTI1356 ..... $99.95



▲ *Easy-to-use interface puts all the controls at your fingers!*

TechTool Pro 2.5 Features:

- **New improved protection control panel**
- **Now features Trash Cache Protection**
- **CD comes with Serial System Version to boot old machines as well as new ones**



Dr Solomon's Virex 5.9

Virex 5.9 anti-virus software ensures your Macintosh is protected against virus sources such as downloaded Internet files and diskettes or servers. Simply click on the Universal Scan-At-Download™ feature to shield your Macintosh from downloaded files, giving you complete protection — there's no need to locate and select folders or files. Scan-At-Download™ will scan Zip archives, as well as files compressed by StuffIt Deluxe, Compact Pro, and more. Virex 5.9 even catches viruses hidden in e-mail attachments! If you download an infected file, Virex 5.9 will alert you and quickly repair the file without launching other applications, saving you valuable time.

Virex 5.9 is easy to configure and use. Scheduled scanning can be performed, and with Mac OS 8, the Virex Contextual Menu Plug-In provides instantaneous scanning.

Requires: System 7 or later, including Mac OS 8; minimum of 3MB free RAM; high-density disk drive.

Norton Utilities 5.0

Norton Utilities 5.0 software is the essential problem solver for your Mac! It provides a safe way to quickly repair disk problems and recover lost files. With the new Live Repair feature, you can fix disk problems from the boot volume, providing you with improved flexibility over the bootable CD. And combined with the UnErase™ and Volume Recover features, you can recover accidentally erased files or resurrect crashed or damaged disks. Best of all, Norton Utilities 5.0 is easy to use, and with Symantec's exclusive LiveUpdate feature, you can keep it up to date over the Internet! It fully integrates with Norton AntiVirus for Mac, so now you can solve your most crucial Macintosh problems using a single interface!

Publisher: Symantec

Norton Utilities 5.0 Full Version

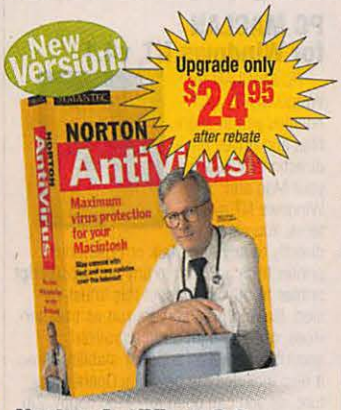
UTI1546 ..... $99.95

Price after publisher's $50 mail-in upgrade rebate $49.95*

**Rebate coupon is available at warehouse.com/rebate/symantec, or call 1-800-390-0706 to request one. Rebate applies to owners of any previous version of Norton Utilities for Mac. Limit one per customer. Offer valid through the life of the product.*

Features:

- **NEW! "Live" Disk Repair** — repair problems on all your disks without rebooting or launching from Norton Utilities bootable CD
- **NEW! LiveUpdate** — download product updates, scheduled or on the fly, from Symantec's Web site
- **NEW! Integration with Norton AntiVirus** — solve Mac problems by using a single interface
- **NEW! Undo Repairs** — restore your disk to its original state should an unusual occurrence take place during disk repair
- **IMPROVED! Norton Speed Disk** — optimizes your hard disk's directory structure to boost system performance



Norton AntiVirus 6.0

Norton AntiVirus is the #1-selling Mac anti-virus software worldwide*, offering you unparalleled protection that's safe and easy to use! This latest version scans your files faster than ever before, whether Internet downloads, e-mail attachments, CDs, floppies, network, or shared! Its integrated Bloodhound™ technology works fast and quietly in the background to "sniff out" and remove all known viruses. It can even alert you to unknown and unidentified macro viruses! What's more, Version 6.0's enhanced LiveUpdate™ feature downloads updates and virus definitions faster, helping to ensure that you continue to have the protection you want, while saving you connection time online! If your computer is already gripped by a virus, you can jump-start it with the bootable Norton AntiVirus CD, then eliminate any virus and fix damaged files!

Norton AntiVirus 6.0 Full Version

UTI1541 ..... $64.95

Price after publisher's $40 mail-in upgrade rebate $24.95**

**According to PC Data 1998 Final Retail Report.*
***See rebate coupon inside box for details. Rebate applies to owners of any previous version of Norton AntiVirus. Offer valid for the life of the product.*

Features:

- **Improved integration with Norton Utilities 5.0** — manage all your utility and anti-virus needs from a common interface
- **NEW! Virus Activity History** — examine the history of virus activity on your Mac
- **NEW! AppleGuide Help** — an easy-to-access guide to help you find answers
- **SafeZone** — provides a "quarantined" area on your hard drives where downloaded or copied files are scanned before entering your main computing environment

AppleShare IP 6.2 Features

- **Indexes and searches PDF and HTML files located on shared volumes or folders via Sherlock**
- **Includes a system-wide memory protection model to help prevent loss of services in the event of a system crash**
- **Includes the Apache Web server to easily accomodate a small number of users to an Internet site hosting multiple domains**
- **Features NetBoot that makes managing a network as easy as managing a single computer**
- **Supports the WebObjects application platform for development and deployment of high-performance, large scale Internets and Internet applications**
- **Permits central management of Shared Users and Groups by managing user information for up to 11 AppleShare servers**

Mac OS X Server

The new Mac OS X Server operating system from Apple combines the strength of UNIX with the simplicity of Macintosh to make it easy for you to deliver Web and digital media content over the Internet or manage your Macintosh network. Built on the high-performance Mach microkernel and BSD 4.4 technology, it includes the Apache HTTP Web server and WebObjects applications server. Mac OS X Server also features a memory protection model to help prevent individual services from interfering with critical server operations or with one another. Mac OS X Server uses multitasking to run multiple services and perform multiple operations at the same time. It also features the NetBoot service which makes managing a network as easy as managing a single computer!

The Mac OS X Server also ships with the QuickTime Streaming Server, enabling you to start up your own streaming digital video and/or audio channel on the Internet. This powerful software can serve hundreds of stored files to more than 1,000 concurrent users. What's more, the QuickTime Streaming Server can reflect live broadcasts to more than 1,000 QuickTime 4 users.

Requires: Power Mac G3 or Mac G3 server computer; 64MB RAM; 1GB hard disk space; CD-ROM drive.

Now compatible with OS 8.5!

***Price AFTER $30 MacWAREHOUSE rebate.** Before rebate: $129.95. Not to be combined with any other offer. Rebate coupon available at appleos85.warehouse.com, or call 1-800-390-0706. to request one. Offer expires 9/30/99.

StuffIt Deluxe

StuffIt Deluxe 5.0, new for System 8.5 now offers up to 20% better compression than previous versions! You can save more hard drive space and make files smaller for faster Internet transfer and more bandwidth. StuffIt Deluxe 5.0 supports MacBinary III, so when you upgrade to Mac OS 8.5, you'll want StuffIt 5.0 for file transfer compatibility. StuffIt Deluxe 5.0 also adds more e-mail extension support – the "stuff and mail" feature supports Outlook Express, Mailsmith, Eudora, AOL, cc:Mail, and Claris.

DYMO® LabelWriter

The New Dymo LabelWriter EL printers offer greater versatility and an impressive list of new features that take on demand label printing to a new level.

All LabelWriter printers use advanced thermal printing technology and can print labels, name badges, clip art, digital photographs, and bar codes from a Power Mac with laser-sharp quality and incredible speed.

The included Dymo Label software works as a stand-alone application or as a desk accessory. It includes an easy to use WYSIWYG label designer and database. Plus, you can choose from over 100 predesigned templates to quickly produce your labels. Autofit™ technology ensures a perfect label every time. You can also print from all your Macintosh applications using all your favorite fonts and clipart through the supplied Chooser driver.

Manufacturer: CoStar

LabelWriter EL40

Prints laser-sharp labels up to 1 1/8" wide for addressing, file folders, and video spines.

PR15239 ..... $149.95

LabelWriter EL60

CO STAR

The most versatile choice, allowing you to print all of the XL label sizes plus 2" widths for diskettes, video tapes, name badges, audio cassettes, and shipping labels.

PR15240 ..... $199.95

LabelWriter Turbo

The LabelWriter Turbo also prints all available label sizes with lightning speed. It is 150% faster and prints address labels in just 2 seconds.

PR15241 ..... $249.95

Keyspan USB Serial Adapter

DAD1577 ..... $79.95

All Dymo LabelWriter printers require a Power Macintosh with 2MB RAM, an available serial port and System 7.01 or later.

The Print Shop Publishing Suite

This CD-ROM unites The Print Shop Ensemble graphics package with the advanced desktop publishing tools of The Print Shop PressWriter. Choose from 20,000 original graphics and photos, over 1,000 professionally designed layouts, or 16 project formats to create original documents.

The Print Shop Publishing Suite also provides access to advanced desktop publishing capabilities including wrapping text around images, flowing column-to-column, and generating multi-page layouts for newsletters, brochures, resumes, and reports using its effortless intuitive interface. You can design and generate complementary documents, or print up a set of invitations, posters, and thank-you notes for a party. Easy-to-use style sets enable you to instantly change the tone and impact of your documents. You can engage style sets to match your document's content with the most appropriate type styles and sizes. Plus, desktop publishing tools such as rotating text and 2-page new option enable you to see your entire layout. The Print Shop Publishing Suite also includes a Spell Checker, Thesaurus, and 1000+ quotes and verses that will add character to your projects.

Publisher: Broderbund

GRA2536 (Mac) $49.95

Broderbund

The Print Shop Publishing Suite Features:

- Includes over 20,000 graphics
- Includes 1,000 professionally-designed layouts and 16 project formats for your own original designs
- Style Sets enable you to easily change the tone and impact of your document
- Includes 1,000 quotes and verses
- Desktop publishing tools enable you to wrap text around graphics, import text from word processing software, and flow text from column to column
- Name and address list management for easily printing envelopes and labels

PowerRIP 5.2 with Adobe PostScript 3

PowerRIP 5.2 is a true Adobe PostScript 3 RIP (Raster Image Processor) that provides simple, fast, and professional printing results by enabling you to output Adobe PostScript 3 to most color inkjet printers. PowerRip 5.2's Adobe PostScript 3 drivers have been redesigned to generate smaller and more efficient Adobe PostScript 3 data streams. Application-generated contours and shapes are automatically converted to Adobe PostScript 3 imaging commands, enhancing printing quality and performance!

Designed to accommodate the single user or the entire office workgroup, PowerRIP 5.2 is used by artists, designers, printers, and corporations. Plus, it's up to 9X faster than Level 2 PostScript RIPS, and supports all EPSON printers, including 1440 dpi and 6-color printing models.

SAPHIR Ultra 2

LinoColor's SAPHIR Ultra 2 Scanner provides the same quality and performance used by professional service bureaus! It delivers accurate color from almost any original, thanks to built-in LinoColor Technology. The included software delivers control of color from input to output, enabling you to accurately see how your images will look when they print! Color-Assistant technology analyzes and color-corrects each image.

Features:

- **Resolutions up to 1200 x 2400 dpi**
- **42-bit color, 3.4-D**
- **Scans documents as large as 8.5" x 11.7"**
- **Includes a transparency adapter**
- **Includes Cumulus Desktop LE, Photoshop Full 4.0, Xerox TextBridge, ScanOpen Lite, and Linotype FontExplorer software**

Manufacturer: Heidelberg

INP1606 ..... $1395.95

Features a high-resolution, versatile format!

OPAL Ultra

The OPAL Ultra scanner features a precise double-lens system that supports high resolutions up to 1400 x 2800 dpi. You can scan 35mm film, large reflective artwork, newspaper ads, or anything in-between. You can also batch scan up to 32 slides at a time, with enlargements up to 600%. The OPAL Ultra scanner delivers top-quality, in-house scans for almost any type of business or personal project.

Features:

- **Resolutions up to 1400 x 2800 dpi**
- **36-bit color, 3.3-D**
- **Scans documents as large as 11.4" x 17"**
- **Includes a transparency adapter**
- **Includes LinoColor Elite, Cumulus Desktop, Photoshop 4.0, and Linotype FontExplorer on CD software**

INP1915 ..... $2295.95

Professional corrections and separations for almost any image!

LinoColor Elite

The LinoColor Elite Software enables you to color correct, retouch, and generate color separations with almost any digital image. It includes drivers for the Umax PowerLook II and 2000, and the Microtek ScanMaker III.

Features:

- **Color Assistant for automated analysis**
- **LAB color space and intuitive Luminance, Chroma, and Hue**
- **Full tool suite for complete control over your color corrections**
- **Fast productivity using low resolution previews to define all corrections before the fine scan**
- **Batch scan a full bed of originals, each with different settings**
- **Accurate CMYK previews show you what your output will look like before you print**
- **Probes display before/after results anywhere in the image**
- **ColorSync compatible**

UTI1327 ..... $495.95

Features top-quality color separations for digital photo professionals!

LinoColor DCam

The LinoColor DCam Software has all the same great features of the LinoColor Elite, in addition to performing color separations for digital photos. LinoColor DCam includes drivers and ICC profiles for the Kodak Professional DCS Series cameras. You can use ScanOpen DCam to generate camera profiles.

Features:

- **Hot-folder architecture for batch processing images from almost any digital camera**
- **LightAssistant selects the correct ICC camera profile based on the lighting conditions**
- **Includes Software filters for color noise reduction**
- **Scrolling preview windows for selecting thumbnail pictures**

HEIDELBERG COLOR PUBLISHING SOLUTIONS

CoolScan III

The Nikon CoolScan III captures vivid images from 35mm slides or strips at a stunning 2700 dpi optical resolution in as fast as 20 seconds! This scanner features revolutionary Digital ICE technology which automatically removes surface defects such as dust, scratches, and fingerprints from the scan. With a dynamic range of 3.0, the CoolScan III also offers the Nikon Color Management System which not only ensures accurate color matching on monitors and printers, but enables you to work in sRGB, CMYK, Lch, and RGB color spaces. The CoolScan III offers the flexibility of hot swappable adapters which make it possible for you to switch between film types without resetting the scanner or software. With high-resolution 30-bit color, the CoolScan III captures extremely accurate color and can scan file sizes up to 28 megabytes.

Nikon Super CoolScan 2000

The versatile Nikon Super CoolScan 2000 scans 35mm film in strip or slide formats and Advanced Photo System film. Featuring Digital ICE™ technology, it automatically removes surface defects such as dust and scratches on the scanned image. The Color Management System ensures great color from any film and enables you to work in sRGB, CMYK, Lch, and RGB color spaces. It offers an average scan time of 20 seconds, with a true optical resolution of 2700 dpi. With multiple-sample scanning, you can combine 4 or 16 scan samples for clearer, more detailed images.

The optical density of 3.6 is the highest of any 35mm film scanner and the12-bit per color channel A/D gives you 36-bit color output and file sizes up to 56MB.

Nikon

$150 rebate on Nikon Scanners!

CoolScan III

The Nikon CoolScan III captures vivid images from 35mm slides or strips at a stunning 2700 dpi optical resolution in as fast as 20 seconds! This scanner features revolutionary Digital ICE technology which automatically removes surface defects such as dust, scratches, and fingerprints from the scan. With a dynamic range of 3.0, the CoolScan III also offers the Nikon Color Management System which not only ensures accurate color matching on monitors and printers, but enables you to work in sRGB, CMYK, Lch, and RGB color spaces. The CoolScan III offers the flexibility of hot swappable adapters which make it possible for you to switch between film types without resetting the scanner or software. With high-resolution 30-bit color, the CoolScan III captures extremely accurate color and can scan file sizes up to 28 megabytes.

Manufacturer: Nikon

INP1569 .....After $150 rebate: **$799.95***

Nikon Super CoolScan 2000

The versatile Nikon Super CoolScan 2000 scans 35mm film in strip or slide formats and Advanced Photo System film. Featuring Digital ICE™ technology, it automatically removes surface defects such as dust and scratches on the scanned image. The Color Management System ensures great color from any film and enables you to work in sRGB, CMYK, Lch, and RGB color spaces. It offers an average scan time of 20 seconds, with a true optical resolution of 2700 dpi. With multiple-sample scanning, you can combine 4 or 16 scan samples for clearer, more detailed images.

The optical density of 3.6 is the highest of any 35mm film scanner and the12-bit per color channel A/D gives you 36-bit color output and file sizes up to 56MB.

QuickCam™ VC

The QuickCam VC is an affordable color digital camera, especially designed for the iMac and Universal Serial Bus (USB)-enabled Mac OS computers. Pairing the iMac with QuickCam VC will add an exciting dimension to your Mac and Internet experience — fast and simple visual communication. QuickCam VC is optimized for faster frame rates to yield a more enjoyable video conferencing experience. Whether video conferencing over the Internet, doing a Web page broadcast, or attaching a still image or video clip to e-mail, QuickCam VC is ideal for communicating visually over the Internet. Plus, it can be connected to your iMac by simply plugging it into the USB port and loading the software — it's that easy!

Requires: iMac or Mac OS computer with USB PCI card; System Mac OS 8.0 or higher.

Manufacturer: Logitech

Turn you television into a computer display for easy viewing!

iTView Gold

The iTView Gold-to-TV video scan converter for the iMac turns almost any television into a large screen computer display. Large groups of people can "get the big picture" on a large screen during presentations, training sessions, and demonstrations. iTView Gold supports resolutions up to 1024 x 768, and includes TrueScale technology for compressing your images evenly and clearly without any line dropping. The iTView Gold includes a manufacturer's 3-year warranty.

Features:

- Infrared Remote
- FS300 Chip Technology
- Supports resolutions up to 1024 x 768
- Vertical and horizontal scaling
- Flicker-free images
- Compatible with almost any desktop, laptop, or video output running Windows 95, 98, NT, or Mac OS
- Includes an iTView computer connector, RCA cable, S-video cable, SCART cable, monitor pass-through cable, 5V power supply, and a QuickStart guide

EX10244 ..... $239.95

TView Gold

The TView Gold Mac- and PC-to-TV converter features a convenient, infrared remote control that enables you to pan, zoom, and freeze from across the room.

Features:

- Built-in FS300 patented chip
- Resolutions up to 1024 x 768 @ 90Hz
- Pan, zoom, and freeze via the included infrared remote control
- Output composite or S-video
- Plug-and-Play operation

newertechnology

MAXpowr G3 for PCI systems

MAXpowr G3 upgrade cards are designed around the PowerPC 750 (G3) chip to bring fast results! These upgrade cards also feature a backside cache that resides in its own bus, running at speeds up to 233MHz — offering as much as three to four times faster processing. Best of all, the cache doesn't run on the system bus as found with the "in-line" or conventional cache configurations, so it's not tied to the slower system bus. MAXpowr CPU upgrade cards will make a noticeable difference in your system's power! These upgrades work with Apple Power Mac 7300, 7500, 7600, 8500, 8600, 9500, and 9600 Series; UMAX J700 and S900 Series; Power Computing (all models except PowerBase and 100/120); and Mactell XB Pro series.

Manufacturer: Newer Technology, Inc.

FireWire

The FireWire Advantage

FireWire is a cross-platform implementation of the high-speed serial data bus – defined by IEEE Standard 1394 – which can move large amounts of data between computers and peripheral devices. It features simplified cabling, hot swapping, and transfer speeds of up to 400 megabits per second.

Provides seamless storage performance for most FireWire-equipped desktop and laptop computers!

VST FireWire Hard Drives

The VST FireWire Hard Drives provide the ultimate in portability and convenience for your storage needs with FireWire-enabled desktops and laptops. These lightweight, transportable devices feature auto-configuring so you don't have the hassle of device IDs or termination and are hot plug/unplug supported. They include dual 6-pin ports, and are bus powered, so no external power supply is required. VST FireWire Hard Drives also feature a cross-platform implementation of high-speed serial data bus, defined by IEEE Standard 1394, which can move large amounts of data between computers and peripheral devices. Each drive features simplified cabling and hot-swapping to easily move them between computers.

Manufacturer: VST Technologies

▲ *FireWire Hard Drive* *Apple Power Mac sold separately.*

FireWire Hard Drive Features:

- Thin, lightweight, high performance design for portability 400Mbps
- Perfect for digital video editing
- IEEE 1394 Compliant FireWire Drive
- FireWire bus powered (no external power supply required)
- PC and Macintosh compatible
- Plug-and-Play for easy installation
- Dual 6-pin FireWire ports
- No device IDs or termination

Top 5 Reasons to Choose FirePower Peripherals!

- **Selection** — FirePower Peripherals encompass a complete line of external mass storage devices and computer peripherals
- **Hot Swappable** — FirePower Peripherals may be mounted, removed, and reconfigured without rebooting or changing device IDs
- **Versatility** — Multiple FirePower Peripherals can be seamlessly stacked and replaced in any desirable sequence
- **Reliability** — Since FireWire technology doesn't require any IDs, a low risk of data consumption ensures your data is there when you need it
- **Easy to Use** — FirePower Peripherals plug easily into any Mac with native IEEE 1394 ports

FirePower FireDAT Drive

The FirePower FireDAT Drive is a high-capacity, removable storage tape drive that enables standard low-cost digital audio tape media to perform hard drive backups, as well as act like a disk on your Mac OS system. Consequently, you can preview audio, video, and multimedia files directly from tape.

Features:

- 6GB native data storage capacity
- Direct playback of broadcast-quality video, including up to 2 hours of MPEG-2 video at 6Mbps and 3 hours of DVD encoded video at 4.7Mbps
- Direct playback of stored video
- With Retrospect and DeskTape Pro software
- 4MB cache buffer
- 200X high-speed search

Reliable, portable drives offering SCSI, Parallel, EIDE, and USB interfaces!

▲ 2.2GB Internal ORB EIDE

2.2GB ORB Removable Media Drives

With a capacity of 2.2GB and an impressive 12.2 megabytes per second maximum sustained data transfer rate — ORB drives are completely "video ready." These ORB removable media drives outperform many other removable media drives, such as high-density floppies and optical DVDs, by storing your information on media with a limitless capacity. All this convenience from drives that deliver a 10ms access time and a 5400 RPM spindle speed!

Available with a SCSI, parallel, EIDE, or USB interface, ORB drives use 3.5" removable disks that are ideal for a variety of applications that require the storage of large amounts of digital data, including content authoring (CAD/CAM, graphic design, publishing, multimedia presentations), and editing of content (music, video). Plus, the USB interface offers cross-platform compatibility. With an ORB drive, you'll have a quick and easy way to back up your valuable digital data.

▲ Mii Zip

One of the smallest Zip Drives– now available for USB

Mii Zip® 100MB USB Drive for iMac or new G3

Weighing in at only 10 oz. and small enough to fit in your pocket, the Mii Zip 100 is one of the world's smallest USB Zip drives! This sleek, cutting edge USB drive — designed especially for your iMac or new G3 — stores all of your important files using standard 100MB Zip disks. The Mii Zip 100 drive is hot swappable, cross-platform and Plug-and-Play compatible, while providing for data transfer rates up to 1.4MB/s and an average seek time of 29ms. Plus, a sophisticated power management system puts the drive into sleep mode after a period of inactivity.

Manufacturer: Microtech

DRI3105..... $199.95

MICROTECH INTERNATIONAL INC

Microtech SmartFDD USB Floppy Disk Drive for iMac

The Microtech SmartFDD USB Floppy Disk Drive enables you to quickly and easily transfer or access files using standard 1.4MB floppy disks. Weighing only 11.3 oz. and measuring 4.1" x .87" x 6.3", this drive is easy to transport from one computer to another, providing access to saved files anywhere and anytime. It can read/write/initialize both 2DD and 2HD disks, and transfers data at rates up to 500 kbits/s through the internal drive. Sporting a translucent green and white coloring, the SmartFDD is "clearly" the stylish storage option for your iMac or any Mac installed with Mac OS 8.1 or later.

Peripheral Sharing

Save time and money with centralized control of your Mac peripherals!

Manual KVM 3-port Switch for Mac

New!

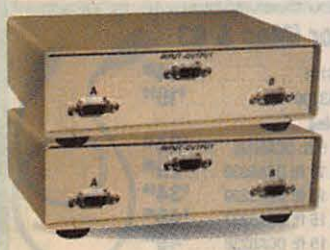
CompuCable introduces a new manual KVM switch for Mac users. It allows one set of ADB keyboard, mouse, and a VGA or a Mac monitor to control up to 3 Mac systems. The built-in circuitry provides full compatibility with multi-sync monitors that use "on-the-fly" resolution switching.

DSD2052: 3-Port KVM Switch $59.99

CompuCable

Manual Data Switch Boxes

Cost-effective peripheral sharing!



BND0199: 2-Port DIN8 (AB)..... $19.99

BND0200: 4-Port DIN8 (ABCD) .... $29.99†

DDS1004: 2-Port DB15 (AB) $59.99

DDS1005: 4-Port DB15 (ABCD)..... $69.99

†Includes 6 foot DIN8 M/M Switch Cable.

OmniCube KVM Switches

OmniCube lets you control up to four Macs and PCs with one keyboard, monitor, and mouse. OmniView Mac Adapter required for each attached Mac.

DSD2067: 2-Port OmniCube.... $99.99

DSD2066: 4-Port OmniCube... $119.99

DSD1718: Omni View Mac Adapter.... $139.99

Mac Switch Cables

Add up to six more serial ports to your Mac! Connect and switch up to six serial printers or modems to your Mac. Use the ADB Switch Cable to connect up to three mice or keyboards to the host computer. No software required.

DDS1316: 3-Port Serial Switch Cable..... $39.99

DDS1394: 6-Port Serial Switch Cable..... $49.99

DDS1315: 3-Port ADB Switch Cable $39.99

DDS1316 shown. CPU not included.

SupraExpress™ 56K* USB Mac Modem

DIAMOND MULTIMEDIA

The SupraExpress 56K USB Mac Modem combines award-winning 56K technology with the power and convenience of a USB connection! The one-step installation makes operation a breeze — just plug it in and you're ready to go! You can even switch peripherals without having to reboot your computer! Plus, the SupraExpress 56K USB Mac Modem supports the 56K ITU Standard (V.90) and K56flex technology to deliver fast, reliable connections wherever you are. What's more, this complete Internet and fax solution includes a valuable CD that's full of top-rated communication software. And the SupraExpress 56K USB Mac Modem supports both Mac and PC platforms!

Manufacturer: Diamond Multimedia

DMD4348 ..... $99.99

**Capable of receiving data up to 56Kbps. Actual send and receive speeds may vary.*

Use existing phone lines to create a Mac network in your home or small office!

HomeFree Phoneline Network

HomeFree™ Phoneline Network is a revolutionary technology that connects your Macs using your home's existing phone lines. Now your family can simultaneously share Internet access and printers. Plus, HomeFree's USB design makes installation even easier by eliminating the need to turn off or restart your computer when attaching your network device. What's more, HomeFree's fast transfer rate (up to 1Mbps) delivers the performance necessary for file transfers and exciting multi-player games!

Features:
- **Connect your Macs over your existing phone line**
- **Share Internet access, printers, and files**
- **Standards based for universal compatibility**

Family Tree Maker Deluxe II

America's #1 selling family tree program.

EDU2048 ..... $79.95

AquaZone Deluxe II

Experience all the beauty and activity of a real aquarium! AquaZone Deluxe II software features new species of the most popular Guppy breeds!

EDU2526 (Mac/Win) $29.95

Quake II

After years of waging war against the alien aggressors, the Earth is on the verge of being completely obliterated. Launched from a giant space carrier, you are part of a secret assault force. Your mission: save Earth. You must fight your way through heavily fortified military installations, lower your attackers' defenses, and shut down their war machine!

Quake II features:
- **Large, mission-based levels — what you do in one level could affect you later**
- **Super Artificial Intelligence — your enemy is not stupid**
- **Intense, interactive environments**
- **Multiplayer capabilities — more than 32 players can go at it in a bloody deathmatch via LAN and over the Internet**

Publisher: Activision

Requires: Power PC 604 processor or better; 32MB free memory; 4X CD-ROM Drive; 100MB HDD space required.

ENT1703 ..... $49.95

New!

Finale® Allegro 98

Finale Allegro 98 is easy and provides more power for less money than any music notation program. It has all the MIDI and notation tools to create publisher-quality scores, but without the detailed engraving options found in Finale.

Publisher: Coda Music Technology

MUS0592 ..... $159.95

Finale 2000

Finale 2000™ software enables you to publish high-quality musical notation with ease. New instrument wizards set up your score as you select the instruments you need.

MUS1030 ..... $429.95

FINALE
